5. What Are You Applying For?

Are you seeking consent for works to a tree(s) subject to a TPO?

☒ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area?

☐ Yes ☒ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s) enter its title or number below

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

Crown clean back to trunk and lift to approximately 25ft above decking height of 3 oak trees to the rear of 42 Gledhill Avenue and 1 oak tree to the rear of 40 Gledhill Avenue. Branches overhanging the properties to be taken back to the trunk on the advice of the tree surgeon as best for the health of the tree. Also removal of 2 large branches of T5 ash tree over hanging the garage of 44 Gledhill Ave. The work is to be carried out by a qualified tree surgeon, Ridgwick Tree Services of 146 Green Road, Penistone, S36 6BG tel 07584 322946.

The work is to be carried out to remove dead and dying branches in all 4 oak trees for safety as a number of large pieces of branch have fallen into the garden of 42 Gledhill Avenue where children play. A number of branches overhang the garages of the properties and are at risk of causing damage to the structures.

8. Trees - Additional Information

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)
