

Kingston Communications

Network Engineering Centre,
Vulcan Street,
Clough Road,
Kingston upon Hull
HU6 7PS

BEFORE YOU EXCAVATE – If in doubt as to the position of our plant, please call our External Works Control –
Telephone: (01482) 603466.

REMEMBER – If you damage the Company plant you will be liable to pay the cost of carrying out a repair.

There may be OPTICAL FIBRE CABLES in the vicinity of your works. Great care must be taken to avoid damage as these cables are very expensive to repair. Also, laser light travels along the fibres and the precautions outlined in BS 4803 Part 3 should be adhered to.

FOR ADVICE call our External Works Control Telephone: (01482) 603466
