## Informative(s)

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, and otherwise actively engaged with the applicant in dealing with the application in a positive and proactive manner.

- 1 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore, the consent of all relevant landowners is required before proceeding with any development, including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent, then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

- 2 The development hereby approved includes the carrying out of alterations to a vehicular access. You are advised that before undertaking work on the adopted highway you will require a Section 184 licence from the Highway Authority. The works shall be to the specification and constructed to the satisfaction of the Highway Authority. Fees are payable for the approval of the highway details, and inspection of the works. Further information and an application form are available on the BMBC website at <https://www.barnsley.gov.uk/services/roads-travel-and-parking/parking/dropped-kerbs/> or please contact at email [Streetworks@barnsley.gov.uk](mailto:Streetworks@barnsley.gov.uk) or call to 01226 773555.
- 3 Under the Building Act 1984, the Council is required to be notified of any demolition exceeding 50 cubic metres carried out within the Borough. This can be done by contacting us via email at [demolition@barnsley.gov.uk](mailto:demolition@barnsley.gov.uk) or by telephone on 01226 773555.

Please be aware that the Council monitors construction sites and open land within the vicinity of such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- a fine of up to £50,000 and
- up to six months imprisonment on conviction.

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of any development is disposed of via approved methods and that documents are retained to prove this.

Signed:

Dated: 18 November 2024

Head of Planning, Policy & Building Control  
Growth & Sustainability Directorate

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

## **NOTES:-**

### **Appeals to the Secretary of State**

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within twelve weeks of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions given under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

### **Purchase Notices**

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

### **Compensation**

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
