Half width of existing carriageway to be resurfaced and tie into proposed carriageway.
See 2110-01-104 for tie in detail.
Costs for any deep patching of the carriageway as a result of planing are to be covered by the developer

Existing footway to be removed and replaced with type 4 road construction

No existing survey levels

No existing survey levels

No existing survey levels

No existing survey levels

Hard margin to have 300mm road widening to allow full visibility splay from shared surface junction

- Levels/Gradients/Heights may vary to suit working conditions
- For typical road construction details see drawing No. 2110/01/04.
- Where levels to doors are not provided, a level threshold should be provided.
