

GOOD NEIGHBOUR POLICY

Policy

The purpose of this policy is to provide advice to the neighbours of Optimum Care and Support children's homes. The policy is also a reminder to the staff and residents of children's homes about their responsibilities to the local community as well as their responsibilities to the childcare task. The policy is intended to assist and guide and has been produced by the efforts of neighbours and staff from the residential home. We acknowledge that a document such as this can only assist and is not a substitute for the establishment of good relationships between a home and its neighbours.

Introduction

It is the duty of Local Authorities to 'look after' children who are assessed as being 'in need' for a variety of reasons. Whilst children are 'looked after' their care should be of the highest standard and they will be returned to their families whenever it is practicable and safe to do so. In following this duty, we will ensure that children 'looked after' are given the opportunity to reach their full potential in respect of education, health, and social attainment. Every aspect of this service is governed by the Children Act 1989 and 2004, Quality Standards and Children's Homes Regulations that guide the way staff look after children. In respect of 'looked after' children and young people who reside in children's homes, the objective will be to ensure that the homes are seen as part of the community rather than separate from it. Residents and staff should enjoy the same opportunities, choices, and access to facilities as any other citizens but should also try to make a positive contribution to the local community. Optimum Care and Support is committed to ensuring that whilst children and young people are in our care, as well as protecting their welfare, we will do all in our power to encourage and teach them how to be responsible members of the community. This reflects an important point; that all members of local communities, including the staff and residents of children's homes, have rights themselves, but these rights are equally matched by responsibilities to others. In particular, the adults responsible for the care of the children must act as good parents and present positive role models. Our aim is to promote the safety and welfare of the children in our care and to achieve this we appreciate support and observations from members of the local community. Above all else it is essential that staff listen to and respond to the concerns of neighbours in the spirit of being a good neighbour themselves. This should not be done in a way which takes away from the staff responsibility to their childcare task but should be done as part of that childcare task. In managing the home Optimum Care and Support and its staff are committed to the following standards.
