Consultation Assessment and Justification

Hi,

I would just like to leave a comment regarding the planning application at 134 Church Hill, Royston.

After a lot of thought and hearing the thoughts of residents living around this property, I would like to object to this application, and it be called in to the planning committee.

While I understand that there needs to be facilities like this, and I appreciate that, this location just isn't the place for it, and it isn't suitable at all.

I feel that this property cannot handle the capacity, nor will it have suitable space for parking, loading & unloading.

It will also be a nuisance for the residents living close by.

Church Hill is already under pressure in terms of traffic and road safety and parking, and I feel this facility will put more strain on it.

I hope all these things are taken into consideration.

Many Thanks.

Cllr Stefan McCrum
