

BARNSELEY
Metropolitan Borough Council

GRANT OF PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2009/1532

To South Yorkshire Housing Associates
43-47 Wellington Street
Sheffield
South Yorkshire
S1 4HF

DESCRIPTION Residential development of 16 no. dwellings.
LOCATION Bruce Avenue, Worsbrough, Barnsley, South Yorkshire,

Permission is granted for the proposals which were the subject of the Application and Plans registered by the Council on 07 December 2009 and described above.

The approval is subject on compliance with the following conditions:

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.
Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990.
- 2 The development hereby approved shall be carried out in strict accordance with the amended plans and specifications received on 15th February (Drawing No.AM16/103), unless prior written consent has been given by the Local Planning Authority to any minor variation.
Reason: For the avoidance of doubt as amendments have been submitted during the course of processing the application and in accordance with UDP Policy BE6, Design Standards.
- 3 No development shall take place until there has been submitted to and approved in writing by the Local Planning Authority, full details of both hard and soft landscaping works, including details of the species, positions and planted heights of proposed trees and shrubs; together with details of the position and condition of any existing trees and hedgerows to be retained. The approved hard landscaping details shall be implemented prior to the occupation of the building(s).
Reason: In the interests of the visual amenities of the locality.

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

Signed 
Assistant Director, Planning and Transportation

Dated 02 March 2010

- 4 All planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting and seeding seasons following the occupation of the buildings or the completion of the development, whichever is the sooner; and any trees or plants which die within a period of 5 years from the completion of the development, are removed, or become seriously damaged or diseased shall be replaced in the next planting season with other of similar size and species, unless the Local Planning Authority give written consent to any variation.

Reason: In the interests of the visual amenities of the locality.

- 5 All on-site vehicular areas shall be surfaced and drained in an approved manner prior to the development being brought into use.

Reason: To prevent mud/debris from being deposited on the public highway, to the detriment of road safety.

- 6 Prior to any works commencing on-site, a condition survey of the highways to be used by construction traffic shall be carried out in association with the Local Planning Authority. The methodology of the survey shall be approved in writing with the Local Planning Authority and shall assess the existing state of the highway. On completion of the development a second condition survey shall be carried out and shall be submitted for the written approval of the Local Planning Authority, which shall identify defects attributable to the traffic ensuing from the development. Any necessary remedial works shall be completed at the developers' expense in accordance with a scheme to be agreed in writing with the Local Planning Authority.

Reason: In the interests of highway safety.

- 7 Development shall not commence until arrangements have been entered into to secure such works to mitigate the effect of the development, and such works shall be completed prior to the development being brought into use. Such works shall comprise of:-

- a) provision of turning area on Bruce Avenue;
- b) reconstruction/resurfacing of the footways as required;
- c) reconstruction/resurfacing of the carriageway as required;
- d) relocation/provision of street lighting;
- e) relocation/provision of drainage;
- f) any necessary signing/lining.

Reason: In the interests of highway safety

- 8 No development shall take place until a construction method statement has been submitted to and approved in writing by the Local Planning Authority. The approved statement shall be adhered to throughout the construction period. The statement shall provide for:-

The parking of vehicles of site operatives and visitors.
Details for the means of construction access.
Loading and unloading of plant and materials.
Storage of plant and materials used in constructing the development.
The erection and maintenance of security hoarding.
Measures to prevent mud/debris being deposited on the public highway.

Reason: In the interests of highway safety.

- 9 Construction or remediation work comprising the use of plant, machinery or equipment, or deliveries of materials shall only take place between the hours of 0800 to 1800 Monday to Friday and 0900 to 1400 on Saturdays and at no time on Sundays or Bank Holidays.
Reason: In the interests of the amenities of local residents and in accordance with UDP Policy ES1, Pollution.
- 10 No development shall take place until:
- (a) Full foul and surface water drainage details, including a scheme for surface water run-off limitation and a programme of works for implementation, have been submitted to and approved in writing by the Local Planning Authority;
 - (b) Porosity tests are carried out in accordance with BRE 365, to demonstrate that the subsoil is suitable for soakaways;
 - (c) Calculations based on the results of these porosity tests to prove that adequate land area is available for the construction of the soakaways;
- Thereafter no part of the development shall be occupied or brought into use until the approved scheme has been fully implemented. The scheme shall be retained throughout the life of the development, unless otherwise agreed in writing with the Local Planning Authority.
Reason: To ensure proper drainage of the area
- 11 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (Amendment) (No. 2) (England) Order 2008 (or any Order revoking or reenacting that Order with or without modification), no enlargement, improvement or other alteration of the dwellings which would otherwise be permitted by Part 1 of Schedule 2 to that Order shall be carried out without the prior written consent of the Local Planning Authority, and no garages or other outbuildings shall be erected.
Reason: In the interests of residential amenity

Reason(s) for Granting Permission

- 1 Unique It is considered that the layout provides an attractive residential environment which will complement the existing area. The design and layout will successfully integrate with the existing housing stock and will complement other works and the wider regeneration of the area. It is therefore considered that the proposal adheres to the objectives of UDP policy BE6, SPG2 as well as the provisions PPS3 which stress the importance of residential development being of an appropriate design, scale, density, layout and access

Informative(s)

- 1 The proposed development lies within an area which could be subject to current coal mining or hazards resulting from past coal mining. Such hazards may currently exist, be caused as a result of the proposed development, or occur at some time in the future. These hazards included:
 - Collapse of shallow coal mine workings;
 - Collapse of, or risk of entry into, mine entries (shafts and adits);
 - Gas emissions from coal mines including methane and carbon dioxide;
 - Spontaneous combustion or ignition of coal which may lead to underground heatings and production of carbon monoxide;
 - Transmission of gases into adjacent properties from underground sources through ground fractures;
 - Coal mining subsidence
 - Water emissions from coal mine workings.

Applicants must take account of these hazards which could affect stability, health & safety, or cause adverse environmental impacts during the carrying out their proposals and must seek specialist advice where required. Additional hazards or stability issues may arise from development on or adjacent to restored opencast sites or quarries and former colliery spoil tips.

Failure to obtain Coal Authority permission for such activities is trespass, with the potential for court action. In the interests of public safety the Coal Authority is concerned that risks specific to the nature of coal and coal mine workings are identified and mitigated.

The above advice applies to the site of your proposal and the surrounding vicinity. You must obtain property specific summary information on any past, current and proposed surface and underground coal mining activity and other ground stability information in order to make an assessment of the risks. This can be obtained from The Coal Authority's Property Search Service on 0845 762 6848 or at www.groundstability.com

- 2 The decision to grant planning permission has been taken having regard to the policies and proposals in the Barnsley Unitary Development Plan set out below and to all relevant material considerations, including

National Planning Guidance
PPS1 'Sustainable Communities'
PPS3 'Housing'

Unitary Development Plan Policies
H8A 'Existing Residential Areas' promotes residential development within residential areas'.
BE6 'Design Standards'
T2 'Development and the Highway Network'
T2a 'Development and the Highway Network'

Supplementary Planning Guidance
SPG2 'Design and Layout of New Housing'

This informative is only intended as a summary of the reason for granting planning permission. For further details on the decision please refer to the application file, by contacting 01226 772593.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions giving under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
