6 PL-PLAN AS PROPOSED_AT NEW ENTRANCE
1:50

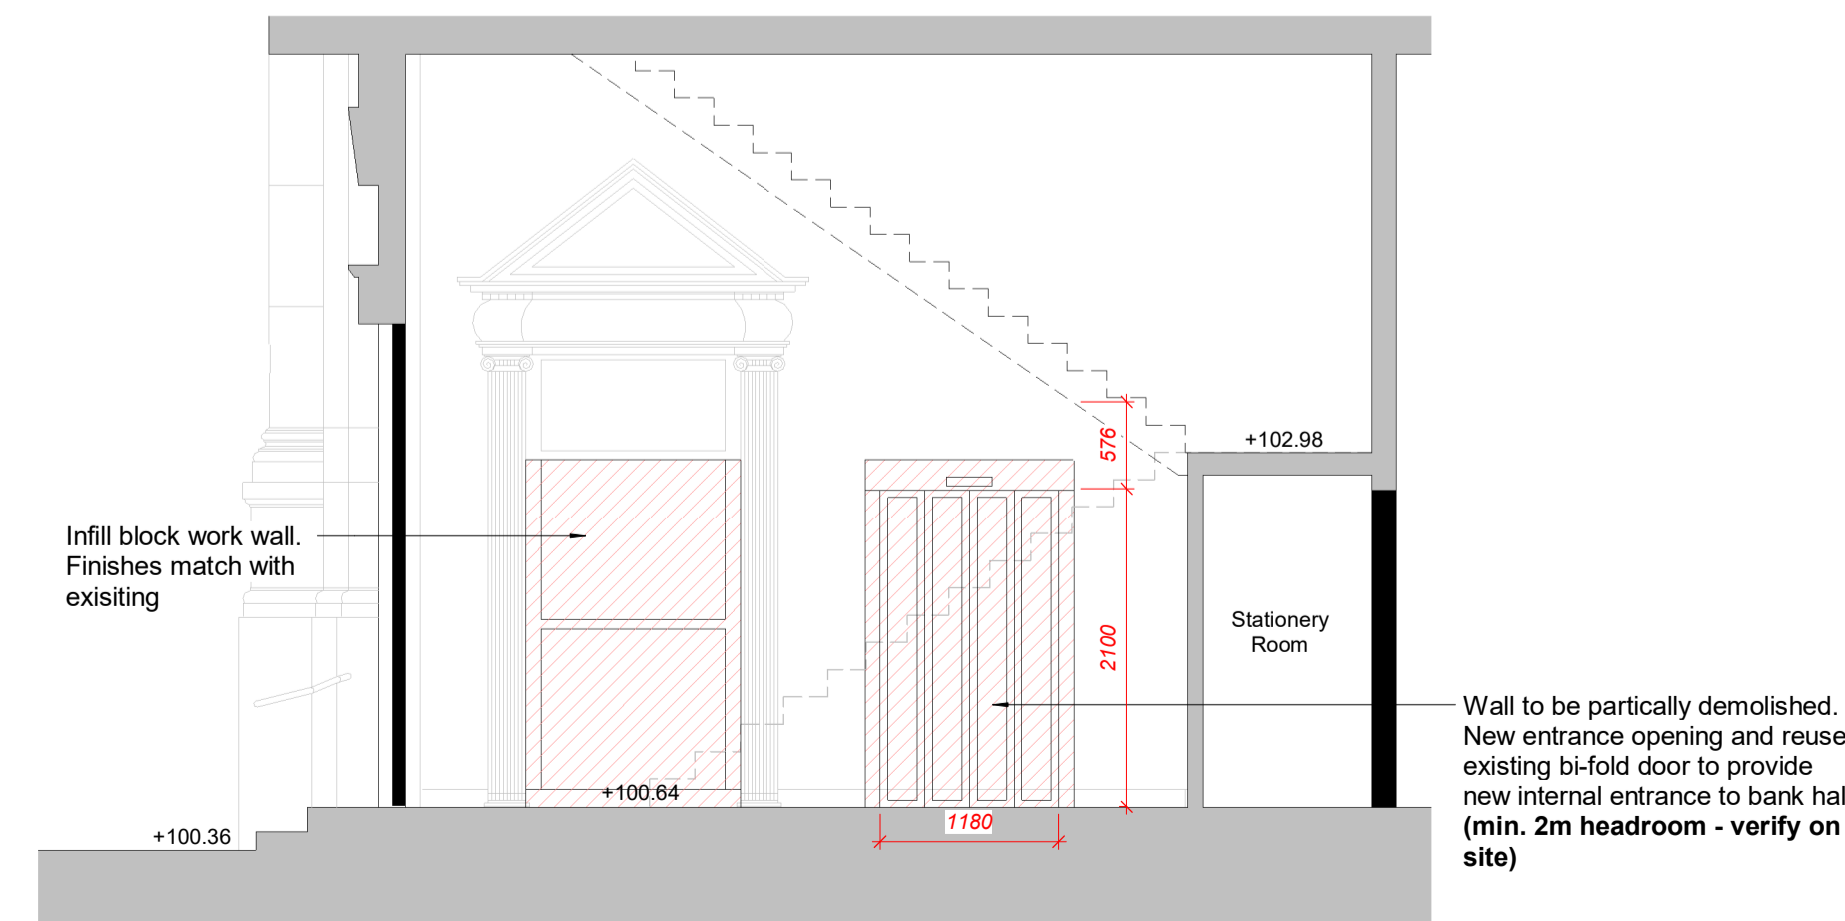

- Key to description of works**
1. New platform slab level risen to suit street level.
 2. New platform lift by specialists. 634mm rise. Specification and finishes to NatWest brand standards.
 3. New ground floor slab by structural engineer. DPM and waterproofing to interface with any existing waterproofing installation. Wall faces below original floor level tanked and made good.
 4. Existing window and window cill removed to provide new entrance opening.
 5. Existing window segment and frame to be modified to suit the new entrance opening. Frame to be lowered and an overpanel installed. Provide a new door threshold ramp to suit street level.
 6. New partition to separate ATM room and new entrance lobby for security purpose.
 7. Alterations to the ATM room are required to accommodate door relocation and a new internal layout.
 8. Relocation of the existing internal entrance, including removal and reuse of the existing bi-fold door. Partial demolition of the existing wall to create a new opening, with blockwork infill to the redundant opening.
