TIN'T TIN TIN (BIRD TOTEM)

This proposal is for a large colourful 4m tall bird themed sculptural work celebrating the Barnsley Canister Company. The sculpture is to be constructed, cut and assembled from two sheets of stainless steel, containing patterns and shapes derived from the decorative tins created by the Barnsley Canister Company. The bird imagery was developed through a series of drawings made during public engagement workshops with a variety of people who live, work and study in and around the Old Mill Lane area of Barnsley.

Dimensions:
Maximum Width: 1800mm
Maximum Height: 4000mmm

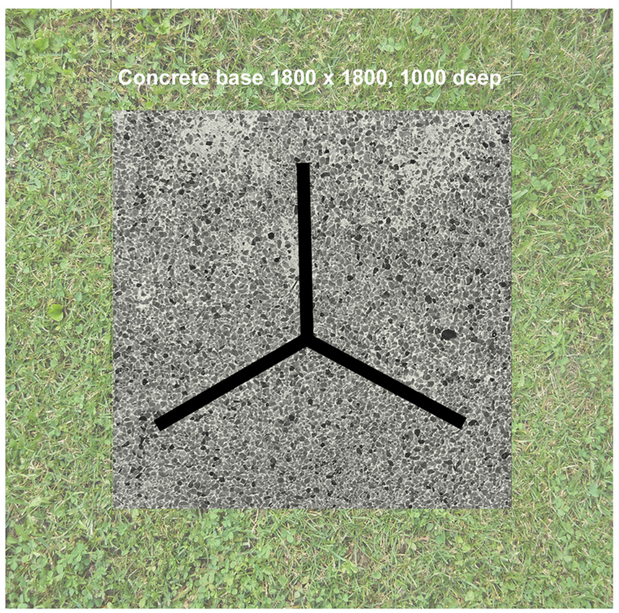

Material:
Constructed from 8mm laser cut 316 Stainless Steel and painted with marine grade paint.

The sculpture is to be located on Old Mill Lane on the corner green space at the junction with County Way. It will be set back from the pavement by 1000mm and will have a concrete mowing square at its base.

1000 from pavement

Visualisation of Sculpture - Old Mill Lane on the corner green space by the junction with County Way. Height 4000 x 1800 width x 1800 depth

Location plan of Sculpture on the corner green space at Old Mill Lane / County Way junction 1000mm from the pavement edge.

This drawing shows concept design proposals for the Barnsley Gateway Public Art Commission Bird Totem, to be located on the Green Space at the junction of Old Mill Lane and County Way.
