
No1 noted on the Plan – This panel is located inside our boundary and the original fencing is still in place. The size of this panel is 770mm wide and 1776mm in height

No2 noted on the Plan – This panel is located inside our boundary and the original fencing has been removed. The size of this panel is 1830mm wide and 1776mm in height. These are the only 2 panels that are anywhere near the ‘road’. I use the word ‘road’ in inverted commas as this is a cul-de-sac and there is no through access….
