Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

- ☒ Yes
- ☐ No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

Hip-to-gable roof extension to the existing dwelling, together with a rear dormer to create additional usable roof-space. No change of use is proposed, and no new access, streets, hard-standings, enclosures or drainage alterations are included within the works.

Does the proposal consist of, or include, a change of use of the land or building(s)?

- ☐ Yes
- ☒ No

Has the proposal been started?

- ☐ Yes
- ☒ No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The property is an established residential dwelling (Use Class C3) and has been in continuous lawful use for that purpose. There has been no change of use, and no enforcement action or challenge to its lawful status.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Is the proposed operation or use

☒ Permanent

☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposal meets the requirements of Schedule 2, Part 1, Classes B and C of the General Permitted Development Order. The dwelling is a lawful single dwellinghouse, and the hip-to-gable roof extension with rear dormer complies with the volume limits, height restrictions, eaves set-back, materials requirements, and all other conditions of permitted development. The works do not project forward of the principal elevation, do not include any balconies or raised platforms, and the property is not on designated land. The proposal therefore constitutes permitted development and should be certified as lawful.

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

☒ Yes

☐ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

☒ The agent

☐ The applicant

☐ Other person

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

☐ Yes

☒ No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

(a) a member of staff

(b) an elected member

(c) related to a member of staff

(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

☐ Yes

☒ No

Interest in the Land

Please state the applicant's interest in the land

- ☒ Owner
☐ Lessee
☐ Occupier
