

APPENDIX D

The following gives a brief description of the works in each area of the works. These areas are denoted on the Plan Number 5583/0/A- Area Identification Plan

AREA A

– The construction of new stairs access to the north side of the Arena including cutting away the concrete balcony wall.

AREA B

- The construction of new stairs access to the south side of the Arena including cutting away the concrete balcony wall.

AREA C

– The improvement of corridor and Ground floor areas to form new Arena toilets at lower ground floor level.

AREA D

- The construction of a new storage building to the rear of the arena.

AREA E

_ New Arena egress works including new access doors, walls and barrel store treatment and fencing.

AREA F

– New bin stores and associated road re-alignment.

AREA G

–Conversion of Upper Concourse IT suite to additional toilets for arena use.

AREA H

– New Arena side access including the formation of a new tensioned fabric structure and associated car park area changes.

AREA J

– Formation of new Gym mezzanine floor and walls to form a new dance/yoga studio.

AREA K

– Improvements to the Rigby restaurant balcony with the replacement of the existing doors with new aluminium folding doors and new glass balustrade.

AREA L

– Improvement of the arena balcony including the fitting of a new glass balustrade and upper concourse improvements.
