3. Site Address Details

Please provide the full postal address of the application site.

Unit:		Building number:	7	Building suffix:	
Building name:					
Address 1:	Market Street				
Address 2:	Barnsley				
Address 3:					
Address 4:					
Postcode:	S70 1SL				

4. Description of the Proposed Development

Please describe the proposed development, including relevant information covering noise, odour, storage and handling waste, hours of opening and transport and highways impacts of the development. Where the building is located in a key shopping area, please provide details of any undesirable impact on the sustainability of that shopping area:

The proposed development of this shop is to turn it into a dessert parlour, opening 7 days a week. The opening hours would be between 10am - 9pm. The building is located in a main part of Barnsley center which will hopefully encourage more families to come into Barnsley for a treat at our parlour. Our parlour will also help create local jobs within the community

The waste will be put in appropriate bins, provided by Barnsley's commercial bins. These will be kept in the private car park behind the shop, a long with the other shops bins.

Are any associated building works or other operations required to make this change? ☐ Yes ☒ No

If yes, please provide details of the siting, design and external appearance of the building including ventilation and extraction (including the provision of an external flue) and the storage of rubbish:
