4. Description of Proposed Works

Please describe the proposed works:

Demolition of existing conservatory and replacement of this with a new single storey, flat roof extension with lantern rooflight, including associated internal alterations.

Has the work already been started without consent?

☐ Yes ☒ No

5. Explanation for Proposed Demolition Work

Why is it necessary to demolish all or part of the building(s) and/or structure(s)?

The existing conservatory is not an original feature and is of no merit to the architectural character of the property or the conservation area. The conservatory leaks, it is not well built and it is not thermally efficient. The house has an extremely small kitchen for the scale of the property and the applicants wish to replace this conservatory with a new efficient extension to provide a larger, more appropriate kitchen for the house.

6. Materials

Does the proposed development require any materials to be used externally? ☒ Yes ☐ No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material):

Walls	
Description of existing materials and finishes (optional):	Off white render and coursed walling stone
Description of proposed materials and finishes:	Off white render with coursed stone at the base, to match with existing.

Roof

Description of proposed materials and finishes:	Dark grey single play membrane, or similar to flat roof, with masonry parapet.

Windows	
Description of existing materials and finishes (optional):	Brown framed upvc windows
Description of proposed materials and finishes:	Brown framed upvc windows to match existing

Doors	
Description of existing materials and finishes (optional):	Brown upvc glazed french doors out of conservatory
