

GRANT OF PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2017/1701

To JK Planning and Design Service Ltd
6 Fair Holme View
Armthorpe
Doncaster
DN3 3TW

DESCRIPTION Erection of 9 no. 3 storey townhouses.
LOCATION Car Park, Fieldsend Road, Goldthorpe, Rotherham, S63 9LX

Permission is granted for the proposals which were the subject of the Application and Plans registered by the Council on 25 January 2018 and described above.

The approval is subject on compliance with the following conditions:

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.
Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990.
- 2 The development hereby approved shall be carried out strictly in accordance with the amended plans (Site Plan Drawing 4 Rev C, Plot 9 Drawing 2, Plot 1-8 Drawing 1) and specifications as approved unless required by any other conditions in this permission.
Reason: In the interests of the visual amenities of the locality accordance with Core Strategy Policy CSP 29, Design.
- 3 Prior to the commencement of development plans to show the following levels shall be submitted to and approved by the Local Planning Authority; finished floor levels of all buildings and structures; road levels; existing and finished ground levels. Thereafter the development shall proceed in accordance with the approved details.
Reason: To enable the impact arising from need for any changes in level to be assessed and in accordance with Core Strategy Policy CSP 29, Design.
- 4 Upon commencement of development details of the proposed external materials shall be submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.
Reason: In the interests of the visual amenities of the locality and in accordance with Core Strategy Policy CSP 29, Design.

- 5 Upon commencement of development a plan indicating the position of boundary treatment(s) to be erected shall be submitted to and approved in writing by the Local Planning Authority. The boundary treatment shall be completed before the dwelling is occupied. Development shall be carried out in accordance with the approved details and shall thereafter be retained.
Reason: In the interests of the visual amenities of the locality and the amenities of occupiers of adjoining property and in accordance with Core Strategy Policy CSP 29, Design.
- 6 Construction or remediation work comprising the use of plant, machinery or equipment, or deliveries of materials shall only take place between the hours of 0800 to 1800 Monday to Friday and 0900 to 1400 on Saturdays and at no time on Sundays or Bank Holidays.
Reason: In the interests of the amenities of local residents and in accordance with Core Strategy Policy CSP 40, Pollution Control and Protection.
- 7 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any Order revoking or re-enacting that Order with or without modification), no enlargement, improvement or other alteration of the dwellings which would otherwise be permitted by Part 1 of Schedule 2 to that Order shall be carried out without the prior written consent of the Local Planning Authority, and no garages or other outbuildings shall be erected.
Reason: To safeguard Residential and Visual Amenity in accordance with Core Strategy Policy CSP 29, Design
- 8 No development works shall begin until a report, endorsed by a competent engineer experienced in ground contamination and remediation, has been submitted and agreed with the Local Planning Authority. The report shall, amongst other matters, include the following:-
1. A survey of the extent, scale and nature of contamination.
 2. An assessment of the potential risks to human health, property, adjoining land, groundwaters and surface waters, ecological systems and archaeological sites and ancient monuments.
 3. An appraisal of remedial options, and proposal of the preferred option(s).
 4. A remediation statement summarising the works to be undertaken (if required).
 5. A Validation Report to confirm remediation works have been undertaken (if required).
- The above must be conducted in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11. The development shall thereafter be undertaken in full accordance with the submitted report. For further information, see BMBC's Supplementary Planning Guidance 28, "Developing Contaminated Land".
Reason: To comply with Core Strategy Policy CSP 40 Pollution
- 9 No development shall take place unless and until:
- (a) full foul and surface water drainage details, including a scheme to reduce surface water run-off by at least 30% and a programme of works for implementation, have been submitted to and approved in writing by the Local Planning Authority:
- (b) porosity tests are carried out in accordance with BRE 365, to demonstrate that the subsoil is suitable for soakaways and
- (c) Calculations based on the results of these porosity tests to prove that adequate land area is available for the construction of the soakaways.
are all approved in writing by the Local Planning Authority.
- Thereafter no part of the development shall be occupied or brought into use until the approved scheme has been fully implemented and the scheme shall be retained throughout the lifetime of the development.
Reason: To ensure the proper drainage of the area in accordance with Core Strategy Policies CSP3 and CSP4

- 10 The site is located in a coal mining referral area due to the probable presence of shallow coal and possible unrecorded shallow coal mine workings. The development could potentially be at risk from mining legacy issues such as ground instability or fugitive gas migration. Intrusive ground investigation must therefore be undertaken by a suitably qualified person to evaluate ground conditions and potential mining legacy risks. The site investigation and subsequent development must be undertaken in compliance with Construction Industry Research and Information association publication 32 "Construction over abandoned mine workings" where applicable. Prior to the commencement of development a report detailing the findings of the investigations and any recommended mitigation shall be submitted for approval in writing by the Local Planning Authority, the development thereafter shall be carried out in accordance with the approved details. Responsibility for securing a safe and sustainable development rests with the developer and / or landowner.

Reason: To ensure safe stable development in accordance with NPPF Paragraphs 178-180 and Core Strategy Policy CSP 40.

- 11 No development or other operations being undertaken on site shall take place until the following documents in accordance with British Standard 5837:2012 Trees in relation to design, demolition and construction - Recommendations have been submitted to and approved in writing by the Local Planning Authority:

Tree protective barrier details
Tree protection plan

Reason: To ensure the continued wellbeing of the trees in the interests of the amenity of the locality in accordance with Core Strategy Policy CSP 36 Biodiversity and Geodiversity

- 12 The erection of barriers and any other measures specified for the protection of any retained tree shall be undertaken in accordance with the approved plans and particulars before any equipment, machinery or materials are brought on to the site for the purposes of the development, and shall be maintained until all equipment, machinery and surplus materials have been removed from the site. Nothing shall be stored or placed in any area fenced off in accordance with this condition and the ground levels within those areas shall not be altered, nor shall any excavation be made, without the written consent of the Local Planning Authority.

Reason: To safeguard existing trees, in the interest of visual amenity.

Informative(s)

Pursuant to article 31(1)(cc) of the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, complied with our Planning Service Charter for Business and otherwise actively engaged with the applicant in dealing with the application.

Please be aware that the Council monitors construction sites and open land within the vicinity such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- *a fine of up to £50,000 and*
- *up to six months imprisonment on conviction*

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of the approved development is disposed of via approved methods and that documents are retained to prove this.

- 1 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore the consent of all relevant landowners is required before proceeding with any development including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

Signed 
Joe Jenkinson
Head of Planning and Building Control

Dated 26 September 2018

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions given under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
