Hot Food Takeaway Health Impact Assessment

10 AND 10A HOYLAND ROAD
HOYLAND
BARNSLEY

This HIA checklist is a practical approach used to judge the effects of the planning application on the health and wellbeing of different groups of people.
The findings of the HIA checklist will inform recommendations as to how any positive health impacts of the planning application may be maximised and any negative impacts reduced.

No population groups will be adversely affected by this application e.g. minority ethnic groups (including traveller communities, refugees & asylum seekers), people living with a disability, older people, children and young people, people living on low incomes.

Planning Advice Note: Hot Food Takeaway

2. What are the positive and negative impacts of the application, and how would they be mitigated or maximised?

Table 2

Issue	Describe any impacts	Recommendation – How will negative impacts be mitigated?	Recommendation – How will positive impacts be maximised?
Noise	VENTILATION / EXTRACT SYSTEM DESIGNED BY SPECIALIST. SYSTEM TO INCLUDE SOUND ATTENUATION / REDUCTION MEASURES.
