*Subsequently, with each reserved matters application, the approved scheme shall be updated and submitted to the Local Planning Authority for approval in writing for each subsequent plot. The approved document shall be implemented prior to the first occupation of the plot to which it refers. Any trees or shrubs that die or are removed within five years of planting shall be replaced in the next available planting season with others of similar size and species.*

*Reason: To safeguard the visual appearance and character of the area.*

### **Note**

Within the extent of this reserved matters submission, the ‘common areas of landscaping’ extend to those parts of the site within the red line boundary excluding the ‘built development area’ of the building, yard and car parks. Essentially this constitutes the landscaped bund south of the building.

The plans and documents submitted provide a scheme for the specification and provision of the landscaping of this area as the third phase of landscaping to be undertaken as part of the overall development.

The common areas landscaping scheme and specification is shown on the following drawings:

- Landscape Masterplan Unit 7 ref. 334-UW-P-004 rev.M
- Unit 7 (off-plot) Landscape Site Plan ref. 334-UW-P-080 rev.A
- Unit 7 (off-plot) Landscape Planting Plan ref. 334-UW-P-081 rev.B
- Unit 7 Landscape Mitigation Plan ref. 334-UW-P-082 rev.A

The ecological habitat creation and wider management details are set out in the following documents:

- Unit 7 Habitat Creation, Biodiversity Mitigation and Enhancement Scheme rev.A
- Landscape and Ecological Management Plan ref. 334-UW-P rev.F

There are no public rights of way, multi-user routes or other such paths within the boundary of this phase of the development.
