

GRANT OF PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2024/0678

To Barnsley MBC
Westgate Plaza One
Westgate
Barnsley
S70 2DR

DESCRIPTION Formation of car park

LOCATION Welfare Park, Goldthorpe Green, Rotherham, S63 9EH

Permission is **granted** for the proposals which were the subject of the Application and Plans registered by the Council on 23/08/2024 and described above.

The approval is subject on compliance with the following conditions:

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.
Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990.
- 2 The development hereby approved shall be carried out strictly in accordance with the plans (Nos TG/002/01.1, TG/003/01, BNG Assessment) and specifications as approved unless required by any other conditions in this permission.
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policy D1 High Quality Design and Place Making.
- 3 The development granted by this notice must not begin unless:
 - a Biodiversity Gain Plan has been submitted to the planning authority, and
 - the planning authority has approved the plan, or
 - the development is exempt from the biodiversity gain condition

This permission will require the submission and approval of a Biodiversity Gain Plan before development is begun.

Reason: To ensure the development delivers a biodiversity net gain on site in accordance with Schedule 7A of the Town and Country Planning Act 1990.

- 4 A Habitat Management and Monitoring Plan (HMMP) detailing management to be carried out for a minimum period of 30 years from the date of implementation of an approved biodiversity enhancement scheme will be submitted to and approved by the Local Planning Authority prior to the commencement of the development. The HMMP should follow the template HMMP provided by Natural England and include information on the following;
- Project information, funding and evidence of legal agreements securing the management and monitoring of the approved biodiversity enhancements
 - Summary of Habitat Proposal and Plans, site boundary map, site context map
 - Phasing Strategy - if relevant
 - Roles & Responsibilities
 - Land use summary, site context photographs, site baseline and environmental information checklist
 - Management plan aims and objectives, design principles informed by baseline information
 - Habitat and condition targets, habitat retention and protection measures map
 - Creation, enhancement and management targets and prescriptions
 - Risk register and remedial measures
 - Monitoring plan for reporting to the Council project progress in years 1,3,5,10,15, 20, and 30 from the date of implementation and adaptive management.

Reason: In the interests of Biodiversity in accordance with Local Plan Policy BIO1.

- 5 There shall be no piped discharge of surface water from the development prior to the completion of surface water drainage works, details of which will have been submitted to and approved by the Local Planning Authority. If discharge to public sewer is proposed, the information shall include, but not be exclusive to:-
- a) evidence to demonstrate that surface water disposal via infiltration or watercourse are not reasonably practical;
 - b) evidence of existing positive drainage to public sewer and the current points of connection; and
 - c) the means of restricting the discharge to public sewer to the existing rate less a minimum 30% reduction, based on the existing peak discharge rate during a 1 in 1 year storm event, to allow for climate change.

Reason: To ensure that no surface water discharges take place until proper provision has been made for its disposal and in the interest of sustainable drainage in accordance with Local Plan Policy POLL1.

- 6 No construction works in the relevant area(s) of the site shall commence until measures to protect the public sewerage infrastructure that is laid within the site boundary have been implemented in full accordance with details that have been submitted to and approved by the Local Planning Authority. The details shall include but not be exclusive to the means of ensuring that access to the pipe for the purposes of repair and maintenance by the statutory undertaker shall be retained at all times.

Reason: In the interest of public health and maintaining the public sewer network in accordance with Local Plan Policy POLL1.

- 7 Construction or remediation work comprising the use of plant, machinery or equipment, or deliveries of materials shall only take place between the hours of 0800 to 1800 Monday to Friday and 0900 to 1400 on Saturdays and at no time on Sundays or Bank Holidays.
Reason: In the interests of the amenities of local residents and in accordance with Local Plan Policies GD1 General Development Policy and POLL1 Pollution Control and Protection.

Informative(s)

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, and otherwise actively engaged with the applicant in dealing with the application in a positive and proactive manner.

- 1 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore, the consent of all relevant landowners is required before proceeding with any development, including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent, then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

- 2 The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848.

Further information is also available on the Coal Authority website at:

www.gov.uk/government/organisations/the-coal-authority

- 3 If a protected/priority species (such as any bat, amphibian, badger, hedgehog or any nesting bird) is discovered using a feature on site that would be affected by the development or related works all activity which might affect the species at the locality should cease. You should then seek the advice of a suitably qualified and experienced ecologist and consider the need for a licence from Natural England prior to commencing works. This action is necessary to avoid possible prosecution and ensure compliance with the Wildlife & Countryside Act 1981 (as amended), the Conservation of Habitats and Species Regulations 2017 (as amended), the Protection of Badgers Act 1992 and the Wild Mammals Act 1996. This advice note should be passed on to any persons or contractors carrying out the development/works.

Please be aware that the Council monitors construction sites and open land within the vicinity of such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- a fine of up to £50,000 and
- up to six months imprisonment on conviction.

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of any development is disposed of via approved methods and that documents are retained to prove this.

Signed:

Dated: 26 November 2024

A handwritten signature in black ink, consisting of a circular scribble followed by a horizontal line extending to the right.

Garry Hildersley

Head of Planning, Policy & Building Control
Growth & Sustainability Directorate

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions given under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
