Proposed Extension to Vehicle Workshop
2A Sheffield Road
Birdwell
Barnsley S70 5UZ

30 January 2012
Ref 12.04

## LANDSCAPING DETAILS

**Existing**
The site has a number of semi mature trees of mixed variety including Mountain Ash, Black Plum, Flowering Cherry, and Silver Birch along the site frontage. They provide an attractive streetscape and screening to the commercial premises.

**Proposals**
The trees to the frontage will be retained. One tree adjacent to the site entrance will need to be removed. This is shown on drawing no WD3 and has minimum impact on the visual amenity of the site. It is considered that mitigation planting is unnecessary.
