## Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

The majority of the changes have taken place on the lower ground floor due to site-specific constraints and placement of retaining walls, to accommodate this the approved layout showing the lower ground extension has been moved an additional 1.4m away from the existing dwelling. The footprint of the lower ground floor extension has partially increased and placed on an angle to accommodate the relocated steam and plant rooms whilst ensuring that the extensions and retaining walls are removed from the root protection areas - this change has resulted in a decrease in floor area. To reduce the impact of the ground floor terrace increasing in area a new planted border has been included along the boundary with the adjacent dwelling, additionally, an area of lawn has been introduced - the result is an overall betterment to the approved design. The existing hedge between the two properties is to be retained.

Changes include:

1. Accommodation along the boundary has been relocated and;
2. the lower ground accommodation has been relocated 1400mm away from the existing dwelling due to existing site constraints
3. additional planting along the boundary with the neighbouring dwelling
4. area of paving has been reduced and replaced with planting/lawn
5. The proposal also seeks to include two dormers onto the principal elevation, reflecting those on surrounding dwellings.

The proposed design has a slight reduction in gross internal floor area, 5m2

If you wish the existing condition to be changed, please state how you wish the condition to be varied

Approved drawings to be superseded and replaced with the proposed drawings attached to this application.
