

Former agricultural building at Green Gate Farm

This aerial photograph captures a rural property, Green Gate Farm. In the center, a large, rectangular building with a corrugated metal roof and light-colored walls stands on a grassy plot. To its right is a paved driveway with two cars parked. Adjacent to the driveway is a two-story stone house with a gabled roof, a chimney, and a small porch. The property is bordered by a stone wall and a road. The surrounding landscape is a patchwork of green fields, some with grazing animals, and a line of trees in the foreground. In the far distance, wind turbines are visible on the horizon.
