

GRANT OF PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2019/1210

To Group Ginger
The Tetley
Hunslet Road
Leeds
LS10 1JQ

DESCRIPTION Redevelopment of site for three homes including conversion and renovation of two existing barns to living accommodation, refurbishment and extension of farmhouse, conversion of surrounding outbuildings to provide an annex to the farm house and garage, new vehicular access and associated works.

LOCATION Lower Eastfield Farm. Eastfield Lane, Hood Green, Sheffield, S35 7AY

Permission is granted for the proposals which were the subject of the Application and Plans registered by the Council on 07 October 2019 and described above.

The approval is subject on compliance with the following conditions:

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.
Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990.
- 2 The development hereby approved shall be carried out strictly in accordance with the amended plans and specifications as approved:

Proposed Site Plan PL(01)02
Proposed Ground Floor Plan PL(01)110
Proposed First Floor / Second Floor GA Plan PL(01)111
Farm House - Proposed Elevations & Section PL(01)120
Proposed Barn 1 - Floor Plans PL(01)121
Barn 2 - Floor Plans PL(01)122
Barn 1 - Proposed Elevations PL(02)121
Barn 2 - Proposed Elevations PL(02)122
Proposed Context Elevations PL(01)100
Proposed Context Elevations PL(02)101
Site - Proposed Site Sections PL(02)110

Unless required by any other conditions in this permission.

Reason: In the interests of the visual amenities of the locality in accordance with Local Plan Policy D1 High Quality Design and Place Making.

- 3 Upon commencement of development details of the proposed external materials shall be submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.

Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policy D1 High Quality Design and Place Making.

- 4 Upon commencement of development a plan indicating the position of boundary treatment(s) to be erected shall be submitted to and approved in writing by the Local Planning Authority. The boundary treatment shall be completed before the dwelling is occupied. Development shall be carried out in accordance with the approved details and shall thereafter be retained.

Reason: In the interests of the visual amenities of the locality and the amenities of occupiers of adjoining property in accordance with Local Plan Policies GD1 General Development Policy and D1 High Quality Design and Place Making.

- 5 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (or any Order revoking or re-enacting that Order with or without modification), no enlargement, improvement or other alteration of the dwellings which would otherwise be permitted by Part 1 of Schedule 2 to that Order shall be carried out without the prior written consent of the Local Planning Authority, and no garages or other outbuildings shall be erected.

Reason: To safeguard the openness and visual amenities of the Green Belt in accordance with Local Plan Policy GB1 Protection of Green Belt.

- 6 The parking/manoeuvring facilities, indicated on the submitted plan, shall be surfaced in a solid bound material (i.e. not loose chippings) and made available for the manoeuvring and parking of motor vehicles prior to the development being brought into use, and shall be retained for that sole purpose at all times.

Reason: To ensure that satisfactory off-street parking/manoeuvring areas are provided, in the interests of highway safety and the free flow of traffic and in accordance with Local Plan Policy T4 New Development and Transport Safety.

- 7 No development shall take place unless and until full foul and surface water drainage details, have been submitted to and approved in writing by the Local Planning Authority. Thereafter no part of the development shall be occupied or brought into use until the approved scheme has been fully implemented. The scheme shall be retained throughout the life of the development unless otherwise agreed in writing with the Local Planning Authority.

Reason: To ensure the proper drainage of the area.

- 8 The foul drainage from the proposed development shall be discharged to a septic tank and soakaway system which meet the requirements of British Standard BS 6297:2007 (septic tank) and the Building Research Establishment Digest Standard 365 (soakaway system) and which complies with the following:

a) there is no connection to any watercourse or land drainage system and no part of the soakaway system is situated within 10 metres of any ditch or watercourse.

b) porosity tests are carried out in accordance with BRE 365 to demonstrate that suitable subsoil and adequate land area is available for the soakaway.

Reason: to prevent the pollution of the water environment.

- 9 No development, including any demolition and groundworks, shall take place until the applicant, or their agent or successor in title, has submitted a Written Scheme of Investigation (WSI) that sets out a strategy for archaeological investigation and this has been approved in writing by the Local Planning Authority. The WSI shall include:

The programme and method of site investigation and recording.

The requirement to seek preservation in situ of identified features of importance.

The programme for post-investigation assessment.

The provision to be made for analysis and reporting.

The provision to be made for publication and dissemination of the results.

The provision to be made for deposition of the archive created.
Nomination of a competent person/persons or organisation to undertake the works.
The timetable for completion of all site investigation and post-investigation works.

Thereafter the development shall only take place in accordance with the approved WSI and the development shall not be brought into use until the Local Planning Authority has confirmed in writing that the requirements of the WSI have been fulfilled or alternative timescales agreed.

Reason: To ensure that any archaeological remains present, whether buried or part of a standing building, are investigated and a proper understanding of their nature, date, extent and significance gained, before those remains are damaged or destroyed and that knowledge gained is then disseminated.

- 10 The site is located in a Coal Authority coal mining referral area due to the probable presence of shallow coal. The land could therefore potentially be at risk from mining legacy risks such as ground instability and fugitive gas migration. Site investigations must therefore be undertaken as advised by a suitably qualified engineer to confirm the depth and condition of shallow coal beneath the site. The investigation and subsequent development must be undertaken in compliance with Construction Industry Research and Information association publication 32 "Construction over abandoned mine workings" where applicable. A report undertaken by a suitably qualified engineer detailing the findings of the investigation and any development thereafter shall be carried out in accordance with the approved details. Responsibility for securing a safe and sustainable development rests with the developer and / or landowner.

Reason: Land Stability NPPF sections 178 a,b,c, 179 and 170 e & f.

- 11 Prior to commencement of development full details of the mitigation measures identified in the Preliminary Ecological Appraisal Report and Bat Emergence Survey including a Method Statement, for works affecting Bats, along with a timetable for their implementation, shall be submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with the approved details.

Reason: To conserve and enhance biodiversity in accordance with Local Plan Policy BIO1.

- 12 Construction or remediation work comprising the use of plant, machinery or equipment, or deliveries of materials shall only take place between the hours of 0800 to 1800 Monday to Friday and 0900 to 1400 on Saturdays and at no time on Sundays or Bank Holidays.

Reason: In the interests of the amenities of local residents and in accordance with Local Plan Policies GD1 General Development Policy and POLL1 Pollution Control and Protection.

- 13 No development works shall begin until a report, endorsed by a competent engineer experienced in ground contamination and remediation, has been submitted and agreed with the Local Planning Authority. The report shall, amongst other matters, include the following:-

1. A survey of the extent, scale and nature of contamination.
2. An assessment of the potential risks to human health, property, adjoining land, groundwaters and surface waters, ecological systems and archaeological sites and ancient monuments.
3. An appraisal of remedial options, and proposal of the preferred option(s).
4. A remediation statement summarising the works to be undertaken (if required).
5. A Validation Report to confirm remediation works have been undertaken (if required).

The above must be conducted in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11. The development shall thereafter be undertaken in full accordance with the submitted report. For further information, see BMBC's Supplementary Planning Guidance 28, "Developing Contaminated Land".

Reason: In accordance with Local Plan Policy Poll1.

Informative(s)

Pursuant to article 31(1)(cc) of the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, complied with our Planning Service Charter for Business and otherwise actively engaged with the applicant in dealing with the application.

Please be aware that the Council monitors construction sites and open land within the vicinity such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- a fine of up to £50,000 and*
- up to six months imprisonment on conviction*

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of the approved development is disposed of via approved methods and that documents are retained to prove this.

1	The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore the consent of all relevant landowners is required before proceeding with any development including that of the Council as landowner. If it should transpire that the applicant does not own any of the land included in this consent then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.
2	If the developer is to make discharge flows to the existing watercourse he must gain the written agreement of the Land Drainage Authority to discharge flows at an agreed rate - Contact Wayne Atkins (01226 772182)
3	If the developer is to carry out works within or in the proximity of any watercourse he must gain the relevant permissions from the Lead Local Flood Authority - Contact Wayne Atkins (01226 772182)

Signed 
Joe Jenkinson
Head of Planning and Building Control

Dated 14 January 2020

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions giving under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
