### Glass Privacy Screens

Glass Privacy Screens are quite an important aspect of balcony manufacture.

Many of the balcony require same description of privacy screening due to stringent privacy laws which affect the planning and installation with reference to neighboring properties.

Obscure Privacy Screens are an attractive way to comply with the 1800mm high privacy regulations in London UK.

### Framed Privacy Screens

At Kp glazing we also design manufacture and install 'framed' Privacy Screens, they can be used on top of the decking, patios, flat roofs. Features of our obscure glass privacy screens:

- Modern elegant and unique
- High quality
- Low maintenance
- Wind protection
- R.A.L colours to mach existing architecture
- Toughened glass
