

Proposed hedgerow planting to be set back 2.4m min form highway edge to ensure visibility splays are maintained

Proposed hedgerow planing (mixture of Blackthorn, Hawthorn, Goat Willow, Dog Rose and Hazel) to assist in screening the proposed building.

Red line (application site) set 7.5m from proposed building to allow for earthworks and proposed hedgerow planting

Proposed building to be set 7.5m from highway dry stone wall to ensure visibility splays are retained whist ensuring minimal access track to proposed building.

Orange shaded area represents crushed stone track leading to main entrances of proposed agricultural building to prevent mud being deposited onto the highway and faciliate all year round access

EXISTING GATEWAY
