Dear Madam

re- App. No. 2,017/0680/INVALID

Re- the above - in response to your letter received 9 June '17

The stem of the said tree encroaches beyond the original boundary line of my property - meaning that - without cutting and removing part of the stem of the tree it would not be possible to re-build the wall within its original boundary position.

I trust that this information is sufficient for your requirement.

J. McGuinness (Mrs.).
