Assessment

Paragraph A.1(g) of Class A of the GPDO 2015 (as amended) permits extensions to domestic dwellings where certain criteria are met, including notifying the local authority, who in turn will consult with neighbouring dwellings. This provision includes being allowed to erect a single-storey rear extension with a rear projection beyond the original rear elevation of no more than 8m for a detached dwelling. Height restrictions are a maximum of 4m. Having thoroughly checked the proposed development against the GPDO 2015 (as amended), and having received no correspondence from notified neighbours, the proposed single-story storey rear extension complies with this legislation and consequently is eligible for Prior Notification approval.
