Dear Keiron

**RE: GREEN ROAD, DODWORTH – APPLICATION REF: 2012/0797**

With reference to the above, I enclose for your attention a sketch plan to show how the internal highway could cross the central water feature at a location that avoids T22. This sketch adopts the recommendation of the JCA Tree Report 2012 (paragraph 6.2.2). Mitigation for the loss of less significant vegetation is a matter for a planning condition.

Please note we request the application be validated. For the avoidance of doubt, this is an outline application with all matters reserved apart from access.

We trust the application will be validated this week.

Yours sincerely

**Mark Johnson MRICS, MRTPI**
Head of Planning Unit
