

This drawing is the copyright of Rosetta Landscape Design and cannot be reproduced in any form without the express consent of the company. Written and scaled dimensions to be checked on site, any discrepancies reported prior to work commencing. **If in doubt please ask.**

This drawing has been prepared for the purpose of planning approval.

**Planting Notes**  
 Topsoil shall be a minimum of 400mm depth over planting beds and graded to fall. Imported topsoil must be BS3882:2007 compliant and existing topsoil must be cultivated in accordance with BS3882:2007. No cultivation shall take place in wet/waterlogged conditions.  
**Herbicide and cultivation:** Topsoil to be treated with two applications of herbicide prior to planting, where necessary, strictly in accordance with the Control of Pesticides Regulations 1986 (as amended 1997) or, otherwise, updated/superseded legislation and following manufacturer's instructions by qualified staff. The topsoil shall then be cultivated to 150mm depth.  
**Planting:** All planting and turfing shall conform to BS: 3838: 1992 and BS: 4428: 1989.  
**Trees:** Standard trees to be planted in pits 500x500x450mm or dimensions of rootball, whichever is greater. Tree to be supported by 1tr stake (1500mm long, per tree, 600mm above ground, 75mm diameter) and 1tr bio-degradable fix. Agrilure soil improver and 150g Erimag (or equivalent) to be incorporated into the soil of all new tree pits. Trees to be planted centrally within a tree pit. Trees planted within grass to have 1m diameter circle around stem kept clear of vegetation using mechanical or chemical means.  
**Container grown shrubs, transplants and whips:** Shrubs and transplants shall be planted in pits 300x300x400mm depth, and the backfill shall include 3 litres of peat-free tree and shrub compost. Where two or more shrub species are indicated within a single bed each species shall be randomly mixed throughout the bed in groups of 3/5.  
**Herbicide:** Spot treat with herbicide throughout the maintenance period in accordance with the manufacturer's instructions.  
**Mulch:** Planting beds to receive 75mm depth pulverized ornamental bark mulch. Native woodland/edge plants to be planted with 500g fibre mulch mat pinned to soil. Native hedgerows to be planted through 500g fibre mulch mat, edges tucked. Ensure the top of the mulch layer is a minimum of 15mm below adjacent pavements and other surfaces, to prevent spillage.  
**Plant position:** Final position of trees and shrubs subject to confirmation of service location and approval of statutory undertakers.  
**Protection to planting:** Native trees and shrubs within mixes to be protected by shelter guards as supplied by Acorn Planting Products Ltd (01508 528763), or equivalent.  
**Grass:** All turf/seeded areas to be cultivated and levelled as required removing any stones, rubble, subsoil, general construction waste.  
**Planting Season:** Bare-root plants to be planted between mid-November and mid-March dependent upon the planting season.
