

BARNSLEY
Metropolitan Borough Council

GRANT OF PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2014/0853

To I D Planning
Atlas House
31 King Street
Leeds
LS1 2HL

DESCRIPTION Erection of 192 dwellings with new access road from Littleworth Lane together with open space and balancing pond.

LOCATION Former Priory School Site, Littleworth Lane, Barnsley, S71 5RG

Permission is granted for the proposals which were the subject of the Application and Plans registered by the Council on 28 July 2014 and described above.

THIS DECISION IS SUBJECT TO THE TERMS OF THE AGREEMENT/UNILATERAL UNDERTAKING MADE UNDER SECTION 106 OF THE TOWN AND COUNTRY PLANNING ACT 1990 (AS AMENDED).

The approval is subject on compliance with the following conditions:

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.
Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990.
- 2 The development hereby approved shall be carried out strictly in accordance with the plans (Proposed Site Layout: 3623/10 Rev K, House Types: 3623/PD01-A (bungalow), P.01.00 (Hadleigh), P.14.00 (Bamburgh), P.28.00 (Windsor), P.37.00 (Arundel), P.50.00 (Embsay), P.51.00-A (Birkwith), P.54.00 (Nidderdale), P.56.00 (Settle), P.57.00 (Tonbridge), P.64.00 (Hebden), P.65.00 (Hanley), P.66.00 (Coverham), P.80.00 (Single Garage), Landscape Masterplan: R1612/1B) and specifications/recommendations (Flood Risk Assessment: 10957-5001, Phase 1 Habitat Survey, Arboricultural Report: AWA1210, Noise Assessment: A088513) as approved unless required by any other conditions in this permission.
Reason: In the interests of the visual amenities of the locality and in accordance with LDF Core Strategy Policy CSP 29, Design.

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

Signed

Service Director Economic Regeneration, Development, Environment & Culture

Dated 26 January 2015

Development Service

Fax: 01226 - 772591

3 Prior to commencement of development full details of the mitigation measures identified in the Ecological Survey (report undertaken by AES-LTD, dated July 2014) including a timetable for their implementation, shall be submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with the approved details.
Reason: To conserve and enhance biodiversity in accordance with Core Strategy Policy CSP 36.

4 No development shall take place until full foul and surface water drainage details, including a scheme to reduce surface water run off by at least 30% and a programme of works for implementation, have been submitted to and approved in writing by the Local Planning Authority. Thereafter no part of the development shall be occupied or brought into use until the approved scheme has been fully implemented. The scheme shall be retained throughout the life of the development.
Reason: To ensure proper drainage of the area in accordance with Core Strategy Policy CSP 40, Pollution Control and Protection.

5 No development shall take place until a scheme for disposing of surface water by means of a sustainable drainage system is approved by the Local Planning Authority.
The scheme shall include the following details:
Information about the design storm period and intensity, the method employed to delay and control the surface water discharged from the site and the measures taken to prevent pollution of the receiving groundwater and/or surface waters;
o A timetable for its implementation; and
o A management and maintenance plan for the lifetime of the development which shall include the arrangements for adoption by any public authority or statutory undertaker or any other arrangements to secure the operation of the scheme throughout its lifetime.

The development shall be implemented in accordance with the approved sustainable drainage scheme and maintained thereafter in accordance with the approved management and maintenance plan.

Reason: To ensure proper drainage of the area in accordance with Core strategy Policy CSP 3.

6 Prior to commencement of development, details of a scheme to reduce the developments carbon dioxide emissions by at least 15% by using decentralised, renewable or low carbon energy sources or other appropriate design measures shall be submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details and upon completion of the development a report shall be submitted to and approved by the Local Planning Authority demonstrating that at least a 15% reduction in carbon dioxide emissions has been achieved. In the event that the use of other decentralised, renewable or low carbon energy sources or other appropriate design measures are also required to achieve a 15% reduction in carbon dioxide emissions, full details of such proposals and a timetable for their implementation shall be submitted to and approved in writing by the Local Planning Authority prior to installation. The approved details shall be implemented in accordance with the approved timetable and all the approved measures shall be retained as operational thereafter.

Reason: In the interest of sustainable development, in accordance with Core Strategy policy CSP5.

- 7 Prior to the commencement of development, details shall be submitted to and approved in writing by the Local Planning Authority of arrangements which secure the following highway improvement works:

- Provision of Littleworth Lane and site access junction;
- Provision of and necessary changes to street lighting;
- Provision of and any necessary changes to highway drainage;
- Resurfacing/reconstruction as necessary.

The works shall be completed in accordance with the approved details and a timetable to be submitted to and approved in writing by the Local Planning Authority.

Reason: In the interests of highway safety and the free flow of traffic in accordance with Core Strategy policy CSP 26.

- 8 Prior to any works commencing on-site, a condition survey (including structural integrity) of the highways to be used by construction traffic shall be carried out in association with the Local Planning Authority. The methodology of the survey shall be approved in writing by the Local Planning Authority and shall assess the existing state of the highway. On completion of the development a second condition survey shall be carried out and shall be submitted for the written approval of the Local Planning Authority, which shall identify defects attributable to the traffic ensuing from the development. Any necessary remedial works shall be completed at the developer's expense in accordance with a scheme to be agreed in writing by the Local Planning Authority.

Reason: In the interest of highway safety, in accordance with Core Strategy Policy CSP 26.

- 9 No development shall take place, including any works of demolition, until a Construction Method Statement has been submitted to, and approved in writing by, the Local Planning Authority. The approved Statement shall be adhered to throughout the construction period. The Statement shall provide for:

- The parking of vehicles of site operatives and visitors
- Means of access for construction traffic
- Loading and unloading of plant and materials
- Storage of plant and materials used in constructing the development
- The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate
- Wheel washing facilities
- Measures to control the emission of dust and dirt during construction
- Measures to control noise levels during construction

Reason: In the interests of highway safety, residential amenity and visual amenity and in accordance with Core Strategy Policy CSP 26, New Development and Highway Improvement, and CSP 29, Design.

- 10 Prior to commencement of development full highway engineering construction details, (including highway retaining structures, and phasing of the highway works) shall be submitted to and approved in writing by the Local Planning Authority. Development shall proceed in accordance with the approved details.

Reason: In the interest of highway safety, in accordance with Core Strategy Policy CSP 26.

- 11 Development shall not commence until details of the phasing of the development has been submitted and approved in writing by the Local Planning Authority. Thereafter the development shall be carried out in accordance with the approved details.
Reason: To ensure a safe and adequate highway network, in accordance with Core Strategy Policy CSP 26.
- 12 No development shall take place until a detailed remediation scheme to bring the site to a condition suitable for the intended use by removing unacceptable risks to human health, buildings and other property and the natural and historical environment has been submitted to and approved in writing by the Local Planning Authority. The scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, an appraisal of remedial options, and proposal of the preferred option(s), and a timetable of works and site management procedures. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 in relation to the intended use of the land after remediation.
Reason: In the interests of the amenities of local residents and in accordance with Core Strategy Policy CSP 40.
- 13 A landscape management plan, including long term design objectives, management responsibilities and maintenance schedules for the area of land to the East of the new link road shall be submitted to and approved by the Local Planning Authority prior to the occupation of the development or any part thereof, whichever is the sooner, for its permitted use. Landscape management shall be carried out in accordance with the approved plan.
Reason: In the interests of the visual amenities of the locality, in accordance with Core Strategy Policy CSP 29.
- 14 All planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting and seeding seasons following the occupation of the buildings or the completion of the development, whichever is the sooner; and any trees or plants which die within a period of 5 years from the completion of the development, are removed, or become seriously damaged or diseased shall be replaced in the next planting season with other of similar size and species.
Reason: In the interests of the visual amenities of the locality and in accordance with Core Strategy Policy CSP 36, Biodiversity and Geodiversity.
- 15 No dwelling shall be occupied until a 1 year Travel Master Pass has been provided to the first occupier of each dwelling in accordance with details to be submitted and agreed in writing with the Local Planning Authority.
Reason: In the interests of reducing the need for car travel to and from the site in accordance with Core Strategy Policy CSP 25.
- 16 No piped discharge of surface water from the application site shall take place prior to the completion of the approved surface water drainage works and no building shall be occupied or brought into use prior to completion of the approved foul drainage works.
Reason: To ensure that the site is properly drained and surface water is not discharged to any off site drainage system, which will prevent overloading, in accordance with Core Strategy policy CSP4.

- 17 No development or other operations being undertaken on site shall take place until the following documents have been submitted to and approved in writing by the Local Planning Authority:
Tree protective barrier details
Tree protection plan
Arboricultural method statement

The documents shall be in accordance with British Standard 5837:2012 (Trees in relation to design, demolition and construction - Recommendations)

The development shall be carried out in accordance with the approved details.

Reason: To ensure the continued wellbeing of the trees in the interests of the amenity of the locality.

- 18 Prior to the occupation of the first dwelling a draft Travel Plan shall be submitted to and approved in writing by the Local Planning Authority. The plan shall indicate measures that will be put in place to encourage travel by modes other than the private car, and allow for regular reporting and monitoring to be undertaken. Subsequently, within six months of completion of 50% of the units, a detailed travel plan shall be submitted to the Local Planning Authority and once approved shall be fully implemented.

Reason: In the interests of sustainable development, in accordance with policy CSP25.

- 19 The dwellings shall achieve a Code Level 3 in accordance with the requirements of the Code for Sustainable Homes: Technical Guide (or such national measure of sustainability for house design that replaces that scheme). Each dwelling shall be issued with a Final Code Certificate prior to completion of development.

Reason: In the interest of sustainable development in accordance with Core Strategy Policy CSP2.

- 20 The parking/manoeuvring facilities, indicated on the submitted plan, shall be surfaced in a solid bound material (i.e. not loose chippings) and made available for the manoeuvring and parking of motor vehicles prior to the development being brought into use, and shall be retained for that sole purpose at all times.

Reason: To ensure that satisfactory off-street parking/manoeuvring areas are provided, in the interests of highway safety and the free flow of traffic and in accordance with Core Strategy Policy CSP 26, New Development and Highway Improvement.

- 21 Pedestrian intervisibility splays having the dimensions of 2 m by 2 m shall be safeguarded at the drive entrance/exit such that there is no obstruction to vision at a height exceeding 1m above the nearside channel level of the adjacent highway.

Reason: In the interest of road safety in accordance with Core Strategy Policy CSP 26, New Development and Highway Improvement.

- 22 Visibility splays, having the dimensions 2.4m x 43m, shall be safeguarded at all junctions within the development, such that there is no obstruction to visibility and forming part of the adopted highway

Reason: In the interest of Road Safety.

- 23 Vehicular and pedestrian gradients within the site shall not exceed 1:12.

Reason: In the interest of highway safety, in accordance with Core Strategy Policy CSP 26.

- 24 No building or other obstruction shall be located over or within 3.0 (three) metres either side of the centre line of the sewers, which cross the site.
Reason: In order to allow sufficient access for maintenance and repair work at all times
- 25 Construction or remediation work comprising the use of plant, machinery or equipment, or deliveries of materials shall only take place between the hours of 0800 to 1800 Monday to Friday and 0900 to 1400 on Saturdays and at no time on Sundays or Bank Holidays.
Reason: In the interests of the amenities of local residents and in accordance with Core Strategy Policy CSP 40, Pollution Control and Protection.

Informative(s)

Pursuant to article 31(1)(cc) of the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, complied with our Planning Service Charter for Business and otherwise actively engaged with the applicant in dealing with the application.

- 1 The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to The Coal Authority on 0845 762 6848.

Further information is also available on The Coal Authority website at www.coal.decc.gov.uk

Property specific summary information on past, current and future coal mining activity can be obtained from The Coal Authority's Property Search Service on 0845 762 6848 or at www.groundstability.com

- 2 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore the consent of all relevant landowners is required before proceeding with any development including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

- 3 The granting of planning permission does not effect the status of species such as owls and bats which have protection under other legislation. These may be present, and it is the applicant's responsibility to seek advice on how to avoid damaging operations. Further advice can be obtained from the Countryside Unit in the Planning & Transportation Services, on 01226-772576, or directly from www.naturalengland.org.uk

- 4 The decision to grant planning permission has been taken having regard to the saved policies and proposals in the Barnsley Unitary Development Plan, the policies and proposals in the Core Strategy and to all relevant material considerations, including Supplementary Planning Guidance/Documents:

The Core Strategy

CSP1 Climate Change
CSP2 Sustainable Construction
CSP3 Sustainable Drainage Systems
CSP 4 Flood Risk
CSP5 Including Renewable Energy in Developments.
CSP8 The Location of Growth
CSP9 The Number of New Homes
CSP10 The Distribution of New Homes
CSP14 Housing Mix and Efficient Use of Land
CSP15 Affordable Housing
CSP25 New Development and Sustainable Travel
CSP26 New Development and Highway Improvement
CSP29 Design
CSP35 Green Space
CSP36 Biodiversity and Geodiversity
CSP39 Contaminated and Unstable Land
CSP40 Pollution Control and Protection
CSP42 Infrastructure and Planning Obligations
CSP43 Educational Facilities and Community Uses

The Development Sites and Places DPD

The Council has produced a Consultation Draft of the Development Sites & Places Development Plan Document (DSAP), which shows possible allocations up to 2026 and associated policies. The document is a material consideration but the weight afforded to it is limited by the fact it is at an early stage in its preparation.

Unitary Development Plan

The UDP designation is Community Facility

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions giving under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
