- Key to description of works**
- Existing granite pavement lifted and re-laid to new levels to provide level threshold at building entrance. Method statements and schedules TBC on condition with authority. Cutting of existing slabs to be minimised and re-laid uncut where possible.
 - Approximate extent of proposed regrade to provide level access from north and south directions
 - Existing granite steps to be reviewed. Removal prior to regrade to be determined. Could be utilised in regrade
 - Cover level of existing inspection chamber to be reviewed and adjusted to suit new surface level where necessary
 - New steps to be provided to account for level change
