RE: Amendment to drawings for a two story side extension to 9 Silverstone Avenue, Cudworth

Dear Sir, please find enclosed, already passed drawings and amended drawings for a two story side extension.

The amendment is to convert the originally planned garage to a study/office and a W.C. The garage door will be replaced with a white upvc window to match the existing windows.

As building work is well under way, and guidance from building control will be required, a speedy decision on this amendment would be very much appreciated.

Please return your decision to the above address, or phone me on 07984814447.

Many thanks Mark Worth.
