

Subject:

RE: Huthwaite Lane, Thurgoland - APP/R4408/W/15/3134783

Morning Matthew,

Further to the email below and our discussions on Friday with regard to conditions 2 & 18 (proposal to alter plot numbers) after consideration we advise our intention to leave the numbering as is shown on the current approved layouts.

The gain for swapping the plot numbers would not be worth the level of procedure / detail required to vary the plans.

We look forward to your reply for the remaining condition 8.

Kind Regards

Mike Williamson
Senior Quantity Surveyor
