

Block Plan [1:200] : Locations of windows in gables with two colours of brickwork noted [dashed red] and 2 primary brickwork colours hatched

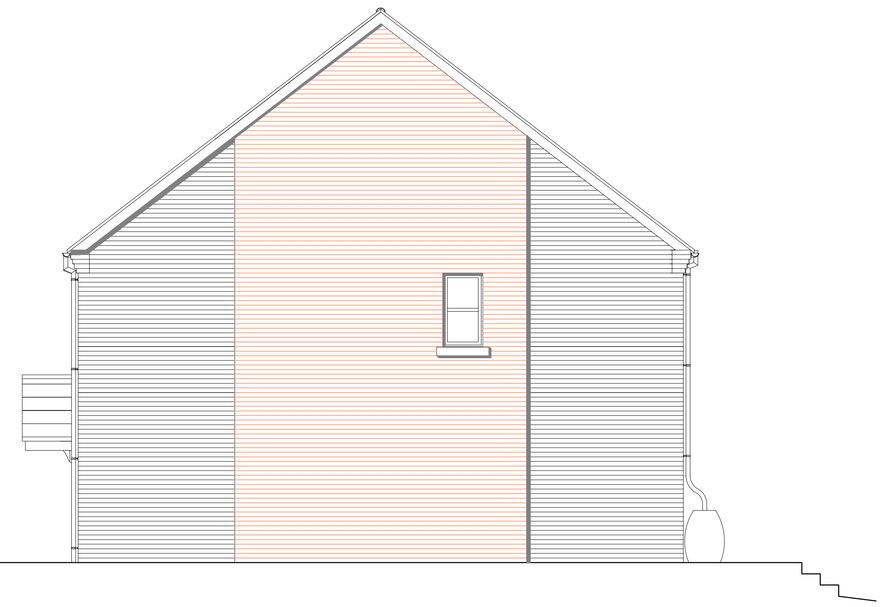

Example of complementary colours of brickwork : It is expected that the LPA will make the materials the subject of a condition

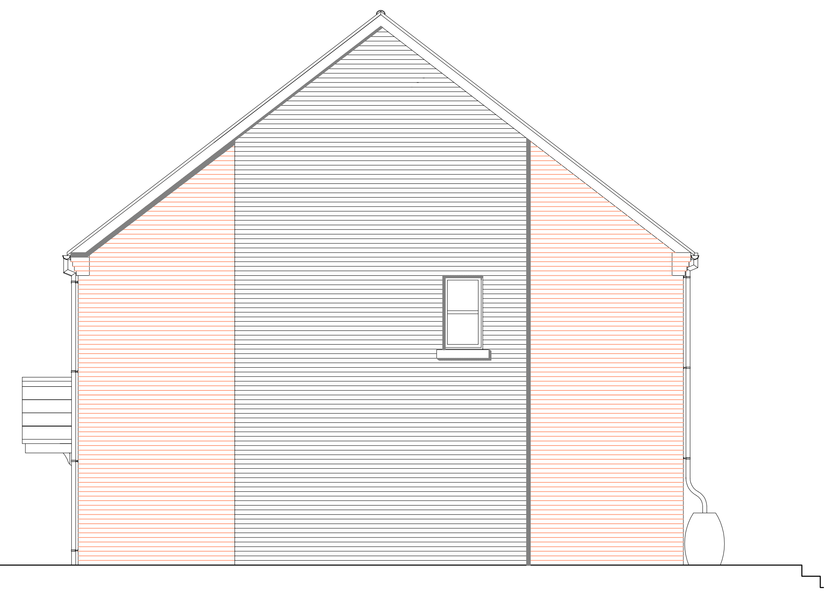

Typical window section [1:5] :
Note fenestration recessed within brickwork.

Type A: 2B 4P Unit with window to gable at first floor level [1:50] :
Typical side elevation with different coloured brickwork for added visual interest to the street scene.

Type B: 3B 5P Unit with window to gable at first floor level [1:50] :
Typical side elevation with different coloured brickwork for added visual interest to the street scene.

Type C: 3B 5P Unit with window to gable at first floor level [1:50] :
Typical side elevation with different coloured brickwork for added visual interest to the street scene.
