Views - Proposed

Flushglaze roof lights to extension

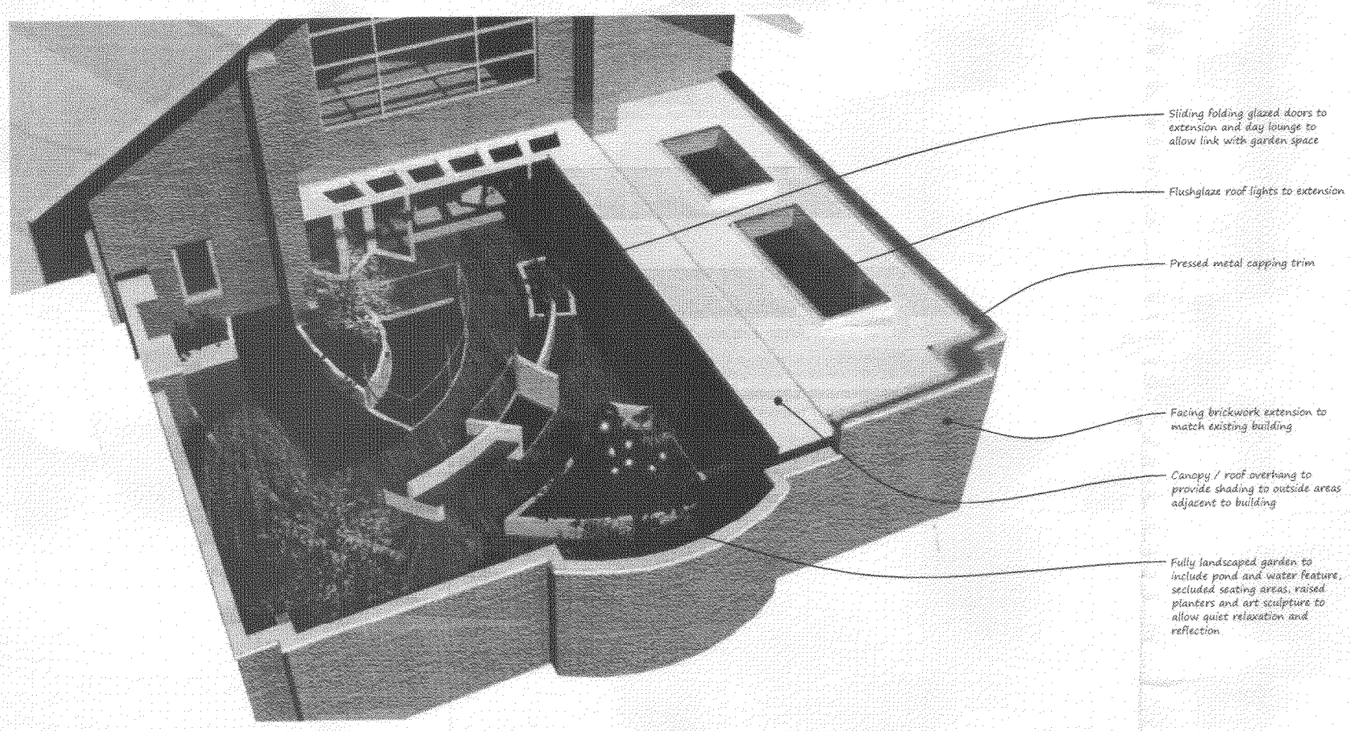

Sun room extension located on East side of garden to allow natural daylight to be retained to the main day lounge. This provides focus to the garden area from both lounges. Large roof overhangs provide solar shading and all weather canopies for external reflection

Canopy / roof overhang to provide shading to outside areas adjacent to building

Sliding folding glazed doors to extension and day lounge to allow link with garden space

Fully landscaped garden to include pond and water feature, secluded seating areas, raised planters and art sculpture to allow quiet relaxation and reflection within a calming environment.

View from new extension

Sliding folding glazed doors to extension and day lounge to allow link with garden space

Flushglaze roof lights to extension

Pressed metal capping trim

Facing brickwork extension to match existing building

Canopy / roof overhang to provide shading to outside areas adjacent to building

Fully landscaped garden to include pond and water feature, secluded seating areas, raised planters and art sculpture to allow quiet relaxation and reflection

Birds eye view

Feature ceiling to day lounge. Downstand beams fanning out into garden

Sliding folding glazed doors to extension and day lounge to allow link with garden space

Open plan day lounge with direct link to sun room / lounge / dining area and garden

View from day lounge
