Location:	Intermet Refractory Products Ltd , Platts Lane, Oughtibridge, Sheffield, S35 0HP
Applicant:	Berkeley DeVeer

Dear Sir or Madam,

The Council has received a planning application that you may want to comment on and, the deadline for this is 5 July 2018.

The quickest way to view and comment on the application is at http://www.sheffield.gov.uk/content/sheffield/home/planning-development/search-view-comment.html . Here you will also find guidance on how to make an effective comment. You can select an option to 'track' which keeps you updated on the progress of the application by email including when a decision is made. Any comments you make online about the application will be immediately acknowledged and visible on the website, shown under 'public comments'.

If you don't have access to the internet you can visit your local library or First Point at Howden House and view the application online there. Help is available from First Point staff.

You can comment by letter, but remember to include your name, address and the reference number, 18/01543/FUL. All comments are published on the web but we will not reveal your telephone number, e-mail address or signature.

Most applications are decided by officers in accordance with planning policies. Larger or more controversial schemes are decided at Planning and Highway Committees.
We are unable to respond to comments but will inform you of the final decision. We will explain how they have been considered in a report, which will also be published on our website.

Yours faithfully

Adam Chapman

Planning Officer
