PLANNING CONSULTATION RESPONSE

Application No	2026/0519
Proposal	Slurry lagoon on existing farmyard to provide 6 months storage of slurry
Address	Gunthwaite Hall, Gunthwaite Lane, Gunthwaite, Sheffield, S36 7GE
Date of Consultation Reply	13th October 2026
Consultee	Highways DC

Consultation Assessment and Justification

The submitted information indicates that the proposals would not impact upon the highway, either before or after construction; the lagoon would be created using equipment already on site and the stored slurry would then be used entirely within Gunthwaite Hall Farm.
As such, the proposals do not adversely impact upon the highway and are therefore considered acceptable from a highways development control perspective.

NO OBJECTION		

Consultation Suggested Conditions:

No specific highways related conditions are deemed necessary.

Consultation Informative(s):

No specific highways related informative notes are deemed necessary.
