Reason(s) for Granting Permission

1 Unique The proposed dwellings is materially larger than the existing and therefore constitutes inappropriate development in the Green Belt. However, the proposal would mitigate existing flooding problems and this clearly outweighs the harm to the Green Belt. The dwelling would be of an acceptable construction/design and would maintain residential amenity to a reasonable degree. As such the proposal would comply with policies CSP 29, GS8E and SPD 'Designing New Housing Development'.

Informative(s)

Pursuant to article 31(1)(cc) of the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, complied with our Planning Service Charter for Business and otherwise actively engaged with the applicant in dealing with the application.

2 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore the consent of all relevant landowners is required before proceeding with any development including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

3 The decision to grant planning permission has been taken having regard to the saved policies and proposals in the Barnsley Unitary Development Plan, the Core Strategy and to all relevant material considerations, including Supplementary Planning Guidance:

Core Strategy

CSP 2 'Sustainable Construction' - All new dwellings will be expected to achieve at least a level 3 rating under the Code for Sustainable Homes or equivalent

CSP 4 'Flood Risk' The extent and impact of flooding will be reduced by expecting all development proposals on brownfield sites to reduce surface water run-off by at least 30%.

CSP 26 - New Development and Highway Improvement - New development will be expected to be designed and built to provide safe, secure and convenient access for all road users.

CSP29 - Design - High quality development will be expected, that respects, takes advantage of and enhances the distinctive features of Barnsley. Development should enable people to gain access safely and conveniently.

CSP34 - Protection of Green Belt' - In order to protect the countryside and open land around built up areas the extent of the Green Belt will be safeguarded and remain unchanged.

Saved UDP Policies

Policy GS8E - 'Replacement, Alteration and Extensions to Dwellings in the Green Belt' - Proposals to replace dwellings in the Green Belt will be permitted provided that the new dwelling is not materially larger than that which it replaces. Construction should be of a high standard and the appearance or use of the dwelling will not adversely affect the amenity of local residents or the appearance of the locality.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions giving under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
