PROPOSED GARDEN ROOMS FOR SOLARFRAME LTD.
AT SOLARFRAME, DAVEY ROAD, GOLDTHORPE, ROTHERHAM S63 0JF

STATEMENT

THE PROPOSAL

Solarframe wish to erect for display 4 differing types of Garden Rooms as temporary buildings on non-permanent footings which will add to those existing Conservatory displays. The proposed rooms would serve to demonstrate to customers a room with a multi-purpose use not usually conveniently found within the residence

PURPOSE OF PROPOSAL

The purpose of the proposal is to allow customers to view the as built Garden Rooms and provide for the customer clarity of the visual effect and to provide a clear understanding of the product as installed

APPEARANCE

The proposed rooms have a blend of constructional materials chosen to associate with garden landscaping and to blend into the garden in an unobtrusive manner

DESIGN

Designed to have a close relationship with the garden in a low unobtrusive manner the rooms are timber framed with rain shield cladding generally and horizontal cedar board clad to front elevations. Windows, sliding folding doors and doors are all upvc available in wood grain, graphite or other subdued colourways. Floors would be timber strip or particle board. Pitched roofs are slated lightweight Tasco at 15 degree pitch and rooflights where applicable are in grey powderised aluminium. Rain water pipes and gutters are black pvc

SUMMARIZING

The proposals are temporary in nature set on shallow footings easily recycled on removal Solarframe have the highest regard for design and construction in all aspects of their supply and fit work .The present display proposals for multi-purpose garden rooms will demonstrate and provide design and relevant planning guidance to customers
