ALLWAYSTE RECYCLING LTD

UNIT 2/3 SHAWFIELD ROAD, CARLTON INDUSTRIAL ESTATE, BARNSLEY S71 3HS.

WASTE MANAGEMENT PLAN

1.0 General

This Waste Management Plan specifies the procedure for the management, control and disposition of items designated as waste materials for Allwayste Recycling Ltd.
The following is a list of the different categories of materials that will be generated and brought to site:

a. Recyclable Materials
b. Waste/Refuse Materials
c. Reusable Materials

The procedures for the management, control and disposition of these items are described in subsequent sections of this plan. All Allwayste is required to identify, maintain proper control, and provide documentation for the disposition of materials described in the plan. The intention of this plan is to minimize the amount of waste generated on this site to the extent practicable. The goal of Allwayste Recycling Ltd is to ensure that at least 50% (or 75%) of all waste materials generated will be recycled, re-used, or otherwise diverted from direct landfill disposal.

2.0 Waste Minimization

Allwayste Recycling Ltd is dedicated to maintaining a stringent set of guidelines to control the amount of waste disposed of in a landfill site.

2.1 Housekeeping

Allwayste Recycling Ltd will assign housekeeping responsibility to an on-site Allwayste employee who will oversee and manage the filed operations with With regards to housekeeping and waste management. Any issues identified by This person will be discussed during internal weekly meetings.

2.2 Materials Management

All materials shall be maintained to a high standard by Allwayste employees at All times.

3.0 Permits

Allwayste recycling will be responsible for all fees, licences, and permits to

ALLWAYSTE RECYCLING LTD

UNIT 2/3 SHAWFIELD ROAD, CARLTON INDUSTRIAL ESTATE, BARNSLEY S71 3HS.

WASTE MANAGEMENT PLAN

3.1.3 Pick Up Frequency

ALLWAYSTE RECYCLING LTD

UNIT 2/3 SHAWFIELD ROAD. CARLTON INDUSTRIAL ESTATE. BARNSLEY S71 3HS.

WASTE MANAGEMENT PLAN

Recycled material containers will be hauled on an as needed Basis

3.2 Empty Containers

All empty containers shall be placed in a designated area on site.

3.3 Non Recyclable or Refuse Materials

All materials not identified in the material disposition table categories will be Considered refuse material. It will be the responsibility of Allwayste Recycling Ltd and E.W.M to load and transport all material identified as refuse to a landfill As designated by them. This material may be household or construction waste. Any permits required by designated landfill site, will be the responsibility of each Party. These items will be tracked with the same requirements outlined in section 3.4.

3.4 Documentation

A record of each disposition activity (permits, landfill receipts, weights, weight Tickets, and other receipts) will be maintained at Allwayste Recycling Ltd site Office by the company secretary. A waste diversion/landfill log (refer to attachment C) will be maintained and a waste managment progress sheet (refer to Attachment D) will be completed bi annually. This documentation will be used To calculate the amount of material diversion achieved. It is the responsibility of Allwayste Recycling Ltd to collect and maintain documentation.

ATTACHMENT A

WASTE MATERIAL ESTIMATING WORKSHEET

Instructions:

1) Edit material/item list in left hand column as appropriate.
2) *Include all waste material types to generated.*
3) Fill in coluns with relevant recycling/disposal data.

Material/Item	Total Amount generated (tons)	Amount Diverted from Landfill	Amount Sent to Landfill	% Diverted from Landfill
Mixed Metals/Steel				
Building Materials				
Wood				
Dirt				
Paper				
Cardboard				
Aliminium				
General Household Waste				

ATTACHMENT B

WASTE MATERIAL DISPOSITION WORKSHEET

Instructions:

1) *Edit material/item list in left hand column to match Waste Material Estimating worksheet.*
2) Include all waste material to be generated.
3) *Edit remaining worksheet contents with relevent details.*

Material/Item	Hauler	Disposition	Disposition Location	Contact Name/ No

ATTACHMENT C

WASTE DIVERSION/LANDFILL LOG

Period:_____ to _____

Instructions: 1) Complete and maintain Log at Allwayste Recycling Office

Material/Item	Quantity (tons)	Disposed,Reused,Salvaged, Recycled	Destination	Date

ATTACHMENT D

WASTE MANAGEMENT PROGRESS REPORT WORKSHEET

Report Period: _____ to _____

Instructions: 1) Complete and submit Bi-annually.

Material/Item	Land filled (tons)	Recycled (tons)	Reused (tons)	Salvaged (tons)
