Dear Miss Cotton

RE: Proposed Extensions

at 13 Parma Rise, Darfield

Planning Application Number 2010/0530

Further to your E. mail on the 17th June with a copy of the letter dated 9th June which I did not receive (your illustrations still not received), please find enclosed two copies of the revised elevations incorporating points 1 and 3.

Point one, the pitched roof over the lounge window has been replaced with a flat roof.

Point two, the creation of two smaller dormers to the front elevation would create an impractical first floor layout by the division of the front bedroom; therefore this has not been altered on the plans. Numerous front dormer extensions of the same design has the submitted plans have been approved and built within this area including the one last year at 26 Lombard Crescent, the owner of which is the brother-in-law of the applicant.

Point three, the garage roof has been altered to give the appearance of a detached garage.

Should you require any further information or wish to meet to discuss the proposal further please do not hesitate to contact me.

Yours Sincerely

Ian Mawson – Willowbrook Design Services
