

Knight Garage

A popular range that offers a practical, convenient and cost effective garage.

With the roof draining from front to rear, the Knight is supplied with a framed Hörmann up and over door, interlocking concrete panels with a multi spar maintenance free exterior finish and an optional 4' fixed timber window.

The Knight range is available up to 9.17m (30'1") in length and 6.17m (20'3") in width.

practical and convenient

HANSON WARRANTY 10 YRS

Overlapping joints

All Hanson Garages concrete panels feature cleverly overlapped and bolted joints that form an excellent weather resistant seal
