## 4. Description of the Proposal

Please provide a description of the approved development as shown on the decision letter

Reference number

Date of decision (date must be pre-application submission)

**Please state the condition number(s) to which this application relates**

Condition number(s)

#### 4. Description of the Proposal

Condition 20

Has the development already started?

Yes  No

If Yes, please state when the development was started (date must be pre-application submission)

26/06/2018

Has the development been completed?

Yes  No

#### 5. Condition(s) - Removal

Please state why you wish the condition(s) to be removed or changed

Condition 4 –The S73 application proposes to introduce RDF materials into this condition and increase the throughput to 260,000 tonnes per annum.

Condition 17 – Construction management practices generally allow for construction weekend working on Saturdays and for this to continue during the afternoon. The proposed changes will bring this condition in line with such practice. The amendment will also allow for after-hours construction work provided this is not audible at the stated receptors.

Condition 18 - Amended to confirm the treatment of noise levels during operations with the treatment during construction as a consequence of amendments sought to Condition 17, and to provide reassurance that the operations can recommence following approval of details of a mitigation scheme to address noise impacts, should these arise.

Condition 19 – The proposed amendment to condition 19 will enable HGV movements associated with the delivery of materials and export of residual materials to be spread across additional delivery days, which will minimise the impact of HGV movements on the road network at busier times.

Condition 20 – Consented delivery movements will need to increase above 30 in and 30 out. These are proposed to increase to 39 movements in, and 39 movements out between Monday to Friday and shall not exceed 33 in and 33 out on Saturday and Sunday.

If you wish the existing condition to be changed, please state how you wish the condition to be varied

Condition 4 - 'the approved Houghton Main Energy Centre shall only be used for the reception, handling and preparation of RDF and waste wood and energy recovery therefrom up to a maximum of 260,000 tonnes per annum'.

Condition 17 - Construction or remediation work comprising the use of plant, machinery or equipment, or deliveries of materials which audible at the monitoring locations M01 to M07 detailed in the noise report supporting Application No. 2015/0137 shall only take place between the hours of 0800 to 1800 Monday to Friday and 0800 to 1600 on Saturdays and at no time on Sundays or Bank Holidays.

Condition 18 - Once operational, the level of noise emitted from the site shall not exceed the existing background noise levels (LA0 +0db) as measured at the monitoring locations M01 to M07 detailed in the noise report supporting this application. Once the plant is fully commissioned and operational the applicant shall submit a report demonstrating that the site facility is operational within the limits defined within this condition. In the event that the noise level from the development is above the stated levels then the applicant shall submit a mitigation scheme for the written approval of the Local Planning Authority in order to identify measures to reduce the noise of the development to within acceptable levels. The approved scheme shall then be implemented.

Condition 19 - 'deliveries with the transfer of waste to and from the site shall only take place between the hours of 07:00 to 19:00 Monday to Friday, and between 08:00 to 18:00 on Saturday and Sunday. All deliveries are to take place in accordance with the details of the submitted lorry routing and management plan'

Condition 20 - 'Delivery movements associated with the transfer of waste to and from the site shall not exceed 78 per day (39 in and 39 out) between Monday to Friday and shall not exceed 66 per day (33 in and 33 out) on Saturday and Sunday'.

#### 6. Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

Yes  No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact? (Please select only one)

- The agent  
 The applicant  
 Other person

#### 7. Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

Yes  No

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:

Title

First name

## 7. Pre-application Advice
