For the attention of Elaine Ward

Dear Elaine,

Please find attached Revised plans as per your email.

Pollution prevention & control

I have spoken to James Gardham regarding his concerns and explained that we are not cooking and its just cold food and have also informed him that is no late night opening, the opening times are same as the shop, Tuesday to Saturday 10am to 5.30pm.

Deliveries

Any deliveries will be planned for a Monday if possible as the shop/coffee shop are closed, I will be doing the bulk of the shopping for supplies myself and this will be done on a Sunday.

Additional Plans

These are enclosed also, the boundary highlighted in red, I have also included on the plans the place in which the wheely bins are to be kept theses out of sight behind a wrought iron gate at the side of the house.

Environmental Health

I have also spoken to Jarrod Wilkinson with regards registration of a food business etc, he has kindly forwarded me all the relevant information and we have agreed it would be better to not install anything with in the coffee area without them first coming to advice me where best to put things (sinks etc), He also had concern's about the toilet area been inside the coffee shop, so I have put a dividing wall between the two on the revised plans.

Just to confirm the property is 3 bedroomed.

If you require any more information please do not hesitate to contact me
