Biodiversity and Geological Conservation
Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?
To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.
a) Protected and priority species
<ul><li>○ Yes, on the development site</li><li>○ Yes, on land adjacent to or near the proposed development</li><li>○ No</li></ul>
b) Designated sites, important habitats or other biodiversity features

<ul><li>Yes, on the development site</li><li>Yes, on land adjacent to or near the proposed development</li><li>No</li></ul>
Supporting information requirements
Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.
Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.
Your local planning authority will be able to advise on the content of any assessments that may be required.
Biodiversity net gain
Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.
Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required.
Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in <u>Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended)</u> ) would apply?
Based on your site details, you are likely eligible to <u>use our partner's online tool to create the metric sheet and all information and supporting</u> documents and plans you need to comply with biodiversity net gain, including the metric sheet. Estimated time to complete is 45 minutes.

Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following:  (a) a member of staff  (b) an elected member  (c) related to a member of staff  (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Certificate Of Ownership - Certificate A
I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**
* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.
** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.
NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
