GRANT OF PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2022/0479

To WHp Architecture
Heymoor Studio
18 Abbey Road
Shepley
Huddersfield
HD8 8EP

DESCRIPTION Demolition of existing general industrial/storage unit (B2/B8) and erection of new unit for light industry and storage use

LOCATION The Pit Yard, Whams Road, Crow Edge, Sheffield

Permission is **granted** for the proposals which were the subject of the Application and Plans registered by the Council on 20/06/2022 and described above.

The approval is subject on compliance with the following conditions:

1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.
Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990.

2 The development hereby approved shall be carried out strictly in accordance with the amended plans (Nos. 2126 101 Rev B, WHPR 22/0010/01,WHPR 22/0010/02B WHPR 22/0010/03A) and specifications as approved unless required by any other conditions in this permission.
Reason: In the interests of the visual amenities of the locality in accordance with Local Plan Policy D1 High Quality Design and Place Making.

3 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (Amendment) (England) Order 2015 (or any Order revoking or re-enacting that Order with or without modification), the proposed building shall be used for light industrial use (Class E (g)) and for storage use only (Class B2) and no change of use to Class E (a, b, c, d, e, f) which would otherwise be permitted by Part 3 of Schedule 2 to that Order shall be carried out.
Reason: In order to protect the openness of the Green Belt, in accordance with Local Plan Policy GB1 and the NPPF.

4 Upon commencement of the use of the replacement building, the unauthorised storage containers shall be permanently removed from the site.
Reason: In order to protect the openness of the Green Belt, in accordance with Local Plan Policy GB1 and the NPPF.

5 Prior to commencement of use hereby permitted the vehicular access shall be upgraded accordance with Drawing 2126 101 rev B Access Proposals. The first 15m of the access shall be surfaced in a bound material and shall be designed to ensure that surface water drainage from the site is intercepted and disposed of separately so that it does not discharge from or onto the highway carriageway.
Reason: In the interest of highway safety and traffic movement in accordance with policy T4 of the Local Plan.

6 The site has been identified to be at risk from potential coal mining legacy. Intrusive site investigations must therefore be undertaken as advised for in the Phase 1 Desk Study undertaken by Rogers Geotechnical Services Ltd ref: C2751/22/E/4196 dated June 2022. The site investigations and subsequent development must be undertaken in compliance with Construction Industry Research and Information association publication C758D "Abandoned mine workings manual" where applicable. A report detailing the findings of the investigation and any recommended mitigation shall be submitted for approval in writing by the Local Planning Authority, the development thereafter shall be carried out in accordance with the approved details. In the case of further stabilisation works being required, then the condition will not be discharged until details of such works have also been submitted. Responsibility for securing a safe development rests with the developer and/or landowner.
Reason: In accordance with NPPF 178 a,b,c. 179 and 170 e & f, based around Land Stability.

7 No piped discharge of surface water from the application site shall take place until works to provide a satisfactory outfall, other than the existing local public sewerage, for surface water have been completed in accordance with details submitted to and approved by the Local Planning Authority. The site shall be developed with separate systems of drainage for foul and surface water on and off site. The separate systems should extend to the points of discharge to be agreed.
Reason: To ensure that the site is properly drained and in order to prevent overloading, surface water is not discharged to the public sewer network in accordance with Local Plan Policy POLL1.

8 Upon commencement of development details of the proposed external materials shall be submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policy D1 High Quality Design and Place Making.

9 Construction or remediation work comprising the use of plant, machinery or equipment, or deliveries of materials shall only take place between the hours of 0800 to 1800 Monday to Friday and 0900 to 1400 on Saturdays and at no time on Sundays or Bank Holidays.
Reason: In the interests of the amenities of local residents and in accordance with Local Plan Policies GD1 General Development Policy and POLL1 Pollution Control and Protection.

Informative(s)

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, and otherwise actively engaged with the applicant in dealing with the application in a positive and proactive manner.

1 The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to The Coal Authority on 0345 762 6848.

Further information is also available on The Coal Authority website at: www.gov.uk/government/organisations/the-coal-authority

Standing Advice valid from 1st January 2021 until 31st December 2022

2 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore, the consent of all relevant landowners is required before proceeding with any development, including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent, then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

Please be aware that the Council monitors construction sites and open land within the vicinity of such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- a fine of up to £50,000 and
- up to six months imprisonment on conviction.

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of any development is disposed of via approved methods and that documents are retained to prove this.

Signed Dated 05/10/2022

Joe Jenkinson
Head of Planning and Building Control

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions giving under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
