3. Description of the Proposal

Please describe the proposed development including any change of use:

This is an application to replace our existing halfway house (9 sq. mtrs) with a new build (25 sq.mtrs + terrace). Our existing building is no longer fit for purpose as it was built 30 years ago but still has the service provisions of water and electricity. At present we use the sink in the halfway house and have to erect a small marquee for an outside seating arrangement for eight people. This is totally inadequate in bad weather.
We have several high profile days including Barnsley Hospice and Macmillans charity days that require better catering facilities to showcase our events.
This application is only possible because of the generosity of Geoff Stephenson,a past member, who has left the Club £10,000 in his will. Having looked at several options Tracey, his niece, feels the most fitting tribute would be to replace the halfway house with a more modern facility. With your permission we would like to fulfill Tracey's wishes.

Has the building, work or change of use already started? ○ Yes ◉ No
