5. What Are You Applying For?

Are you seeking consent for works to a tree(s) subject to a TPO?

☒ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area?

☐ Yes ☒ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s) enter its title or number below

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

SYCAMORE (T3) reference 11 at the rear of my property in the garden of occupants of 1 Latchmoor Close.

Removal of two large branches from main trunk causing excessive shading to my garden, killing my lawn which i have had to pave over in areas this year. The dirt from leaves and sticky buds are now causing dirt/sticky patches on my new fixed wooden arbour furniture. Due to the growth over the last 12 years, no sun enters the garden after lunchtime. I have pigeon poo all over my new garden furniture and remaining lawn/borders which my new puppy eats and I worry about this harming his health. I also have anxiety attacks in stormy weather worry about the tree blowing down and damaging my property and occupants

8. Trees - Additional Information

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

8. Trees - Additional Information

1. **Condition of the tree(s)** - e.g. it is diseased or you have fears that it might break or fall:

If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

☒ Yes ☐ No
