Dear Sir

Discharge of condition(s): 9 (Noise Impact Assessment) relating to application number 2020/1373 : Electricity storage unit comprising battery containers, transformers, inverters, back up generator, substations, control room and 4m and 2.4m high perimeter fences

Stairfoot Battery Storage Site, Unit 1A, Oaks Business Park, Oaks Lane, Hoyle Mill, Barnsley, S71 1HT

I refer to your application to discharge of condition application referred to above. The application was accompanied by the following document:

Noise Impact Assessment by Arcus dated January 2023

The BMBC Pollution Control Officer has inspected the report which has been found to be satisfactory.

As a result I am happy to confirm that **condition 9 (noise impact assessment) can be discharged.**

Please note condition 3 (Highway condition survey) remains outstanding at this time.

Yours sincerely
