

GRANT OF PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2026/0021

To S75 Design
Unit 4
Britannia Mills
Geldard Road
Birstal
WF17 9QD
United Kingdom

DESCRIPTION Proposed two storey side and rear extension, and rear extension at a lower level to accommodate a gym and swimming pool

LOCATION 53 Keresforth Hall Road, Kingstone, Barnsley, S70 6NL

Permission is **granted** for the proposals which were the subject of the Application and Plans registered by the Council on 19/01/2026 and described above.

The approval is subject on compliance with the following conditions:

1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.
Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990.

2 The development hereby approved shall be carried out strictly in accordance with the amended plans:

1014-S75-XX-XX-DR-A-21001 P2 Proposed Site Plan received 26th March 2026.
1014-XX-LG-DR-A-20000 P5 Proposed Lower Ground Floor Plan received 23rd March 2026.
1014-XX-00-DR-A-20000 P3 Proposed Ground Floor Plan received 19th February 2026.
1014-XX-01-DR-A-20000 P3 Proposed First Floor Plan received 19th February 2026.
1014-XX-XX-DR-A-40000 P5 Proposed Elevations received 23rd March 2026.
3/3 Appendix D: Tree Protection Plan (TPP) received 10th March 2026.
Arboricultural Constraints Appraisal and Impact Assessment ref. KFHB01-26 produced by Key Tree Solutions received 10th March 2026.

and specifications as approved unless required by any other conditions in this permission.
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policy D1: High Quality Design and Place Making.

- 3 The external materials shall match those used in the existing building (53 Keresforth Hall Road, Kingstone, Barnsley, S70 6NL).

Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policy D1: High Quality Design and Place Making.
- 4 The swimming pool, sauna room, gym, plant room and associated changing and shower facilities shown on the plan (1014-XX-LG-DR-A-20000 P5 Proposed Lower Ground Floor Plan) shall be used for ancillary domestic purposes only and shall not be used for any trade or business purposes.

Reason: To ensure that the use of the existing access is not intensified to the detriment of road safety in accordance with Local Plan Policy T4: New Development and Transport Safety, and to ensure that the residential use of the site is not intensified, contrary to sustainable development and Local Plan Policy T3: New Development and Sustainable Travel.
- 5 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking or re-enacting that Order with or without modification), no enlargement, improvement or other alteration of the dwelling which would otherwise be permitted by Part 1 of Schedule 2 to that Order shall be carried out without the prior written consent of the local planning authority, and no garages or other outbuildings shall be erected.

Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policies D1: High Quality Design and Place Making and to safeguard the openness and visual amenities of the Green Belt in accordance with Local Plan Policy GB1: Protection of Green Belt.
- 6 The landscaping details shown on the approved plans (1014-S75-XX-XX-DR-A-21001 P2 Proposed Site Plan and 1014-XX-00-DR-A-20000 P3 Proposed Ground Floor Plan) shall be implemented prior to occupation of the development hereby permitted; and any trees or plants which die within a period of 5 years from first being planted, are removed, or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species.

Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policy D1: High Quality Design and Place Making and Local Plan Policy BIO1: Biodiversity and Geodiversity.
- 7 There shall be no burning of any material within the development site during demolition and/or construction phases.

Reason: To reduce or remove adverse impacts on health and the quality of life, especially for people living and/or working nearby, in accordance with Local Plan Policy POLL1: Pollution Control and Protection.

Informative(s)

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, and otherwise actively engaged with the applicant in dealing with the application in a positive and proactive manner.

- 1 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore, the consent of all relevant landowners is required before proceeding with any development, including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent, then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

- 2 It is recommended that measures are taken to prevent a nuisance/ or effect the quality of life of local residents. Please note that the Council's Pollution Control Team have a legal duty to investigate any complaints about noise, smoke or dust. No waste should be burnt. If a statutory nuisance is found to exist, they must serve an Abatement Notice under the Environmental Protection Act 1990. Failure to comply with the requirements of an Abatement Notice may result in a fine of up to £20,000 upon conviction in Magistrates' Court. It is therefore, recommended that you give serious consideration to the steps that may be required to prevent a noise, dust or smoke nuisance from being created.
- 3 The applicant/contractor should note that to deposit mud/debris on the public highway, or anything which may cause a nuisance or possible danger to road users, is an offence under provisions of the Highways Act 1980.
- 4 A public right of way (Barnsley FP 275) runs alongside the proposed development site. Safe public access on the right of way should always remain available, with no obstruction of or encroachment onto the width of the path and no building debris, storage of materials or parked vehicles limiting access at any time. Appropriate measures should be taken to protect the public, including fencing if necessary. If safe public access is not possible at any time, then a temporary closure must be arranged, providing at least 4 weeks' notice and details of how public access will be managed. For further information contact publicrightsofway@barnsley.gov.uk.
- 5 The proposed development lies within an area that has been defined by the Mining Remediation Authority as containing coal mining features at surface or shallow depth. These features may include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and former surface mining sites. Although such features are seldom readily visible, they can often be present and problems can occur, particularly as a result of new development taking place.

Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant land stability and public safety risks. As a general precautionary principle, the Mining Remediation Authority considers that the building over or within the influencing distance of a mine entry should be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure a suitable engineering design which takes account of all relevant safety and environmental risk factors, including mine gas and mine-water. Your attention is drawn to the Mining Remediation Authority Policy in relation to new development and mine entries available at:

Building on or within the influencing distance of mine entries - GOV.UK

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Mining Remediation Authority Permit. Such activities could include site investigation boreholes, excavations for foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Application forms for Mining Remediation Authority permission and further guidance can be obtained from The Mining Remediation Authority's website at: www.gov.uk/get-a-permit-to-deal-with-a-coal-mine-on-your-property What is a permit and how to get one? - GOV.UK (www.gov.uk)

In areas where shallow coal seams are present caution should be taken when carrying out any on site burning or heat focused activities.

If any future development has the potential to encounter coal seams which require excavating, for example excavation of building foundations, service trenches, development platforms, earthworks, non-coal mineral operations, an Incidental Coal Agreement will be required. Further information regarding Incidental Coal Agreements can be found here - <https://www.gov.uk/government/publications/incidental-coal-agreement/guidance-notes-for-applicants-for-incidental-coal-agreements>

If any coal mining features are unexpectedly encountered during development, this should be reported immediately to the Mining Remediation Authority on 0800 288 4242. Further information is available on the Mining Remediation Authority website at: Mining Remediation Authority - GOV.UK

Please be aware that the Council monitors construction sites and open land within the vicinity of such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- a fine of up to £50,000 and
- up to six months imprisonment on conviction.

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of any development is disposed of via approved methods and that documents are retained to prove this.

Signed:

Dated: 26 March 2026

Garry Hildersley

Head of Planning, Policy & Building Control
Growth & Sustainability Directorate

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within twelve weeks of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions given under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
