

Heritage Impact Statement re 60 Fitzwilliam Street Elsecar

My property, 60 Fitzwilliam Street, Elsecar, Barnsley S74 8EA, is a grade 2 listed former Fitzwilliam Estates/Barnsley Council dwelling.

It sits at the centre of a row of 5 cottages within the conservation area.

The windows are in a poor state and in need of replacement. I have asked Kirk and Cranston Ltd to draw up plans to remedy this. Graham Cranston has taken care to specifically design the new windows so as not to harm the listed building character, therefore the impact should be minimal.
